Statement VIII. United Nations Mission for the Referendum in Western Sahara (MINURSO): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 108

Schedule 8.1. United Nations Mission for the Referendum in Western Sahara: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 110

Schedule 8.2. United Nations Mission for the Referendum in Western Sahara: assessed contributions unpaid as at 30 June 2001 111

Statement IX. United Nations Mission in Bosnia and Herzegovina (UNMIBH): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 117

Schedule 9.1. United Nations Mission in Bosnia and Herzegovina: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 118

Schedule 9.2. United Nations Mission in Bosnia and Herzegovina: assessed contributions unpaid as at 30 June 2001 119

Statement X. United Nations Observer Mission in Georgia (UNOMIG): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 124

Schedule 10.1. United Nations Observer Mission in Georgia: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 126

Schedule 10.2. United Nations Observer Mission in Georgia: assessed contributions unpaid as at 30 June 2001 127

Statement XI. United Nations Mission of Observers in Tajikistan (UNMOT): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 132

Schedule 11.1. United Nations Mission of Observers in Tajikistan: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 134

Schedule 11.2. United Nations Mission of Observers in Tajikistan: assessed contributions unpaid as at 30 June 2001 135

Statement XII. United Nations Observer Mission in Angola (MONUA) and United Nations Angola Verification Mission (UNAVEM): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 140

Schedule 12.1. United Nations Observer Mission in Angola: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 142

Schedule 12.2. United Nations Observer Mission in Angola and United Nations Angola Verification Mission: assessed contributions unpaid as at 30 June 2001 143

Statement XIII. United Nations Support Mission in Haiti (UNSMIH), United Nations Transition Mission in Haiti (UNTMIH) and United Nations Civilian Police Mission in Haiti (MIPONUH): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 148

Schedule 13.1. United Nations Civilian Police Mission in Haiti: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 150

Schedule 13.2. United Nations Support Mission in Haiti, United Nations Transition Mission in Haiti and United Nations Civilian Police Mission in Haiti: assessed contributions unpaid as at 30 June 2001 151

Statement XIV. United Nations Mission in the Central African Republic (MINURCA): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 156

Schedule 14.1. United Nations Mission in the Central African Republic: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 158

Schedule 14.2. United Nations Mission in the Central African Republic: assessed contributions unpaid as at 30 June 2001 159

Statement XV. United Nations Mission in Sierra Leone (UNAMSIL) and United Nations Observer Mission in Sierra Leone (UNOMSIL): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 164

Schedule 15.1. United Nations Mission in Sierra Leone: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 166

Schedule 15.2. United Nations Mission in Sierra Leone and United Nations Observer Mission in Sierra Leone: assessed contributions unpaid as at 30 June 2001 167

Statement XVI. United Nations Interim Administration Mission in Kosovo (UNMIK): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 172

Schedule 16.1. United Nations Interim Administration Mission in Kosovo: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 174

Schedule 16.2. United Nations Interim Administration Mission in Kosovo: assessed contributions unpaid as at 30 June 2001 175

Statement XVII. United Nations Organization Mission in the Democratic Republic of the Congo (MONUC): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 180

Schedule 17.1. United Nations Organization Mission in the Democratic Republic of the Congo: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 182

Schedule 17.2. United Nations Organization Mission in the Democratic Republic of the Congo: assessed contributions unpaid as at 30 June 2001 187

Statement XVIII. United Nations Transitional Administration in East Timor (UNTAET): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 188

Schedule 18.1. United Nations Transitional Administration in East Timor: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001. 190

Schedule 18.2. United Nations Transitional Administration in East Timor: assessed contributions unpaid as at 30 June 2001 191

Statement XIX. United Nations Mission in Ethiopia and Eritrea (UNMEE): statement of income and expenditure and changes in reserves and fund balances for the period from 31 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 196

Schedule 19.1. United Nations Mission in Ethiopia and Eritrea: expenditure for the period from 31 July 2000 to 30 June 2001 as at 30 June 2001. 198

Schedule 19.2. United Nations Mission in Ethiopia and Eritrea: assessed contributions unpaid as at 30 June 2001 199

Statement XX. United Nations Peacekeeping Reserve Fund: statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 204

Schedule 20.1. United Nations Peacekeeping Reserve Fund: assessed contributions unpaid as at 30 June 2001 206

Statement XXI. Support account for peacekeeping operations: statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 207

Schedule 21.1. Support account for peacekeeping operations: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 209

Statement XXII. United Nations Logistics Base at Brindisi (UNLB): statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 210

Schedule 22.1. United Nations Logistics Base at Brindisi: expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001 212

Statement XXIII. United Nations Preventive Deployment Force (UNPREDEP): statement of income and expenditure and changes in reserves and fund balances for the period from 1 January 1996 to 15 October 1999 as at 30 June 2001 and statement of assets, liabilities, reserves and fund balances as at 30 June 2001 213

Schedule 23.1. United Nations Preventive Deployment Force: assessed contributions unpaid as at 30 June 2001 215

Letters of transmittal

5 October 2001

Dear Mr. Chairman,

In accordance with financial regulation 11.4, I have the honour to submit the accounts of the United Nations peacekeeping operations for the 12-month period from 1 July 2000 to 30 June 2001, which I hereby approve. The financial statements have been completed and certified as correct by the Controller.

Copies of these financial statements are also being transmitted to the Advisory Committee on Administrative and Budgetary Questions.

(*Signed*) Kofi A. **Annan**

Mr. Guillermo N. Carague
Chairman
United Nations Board of Auditors
New York

30 January 2002

Sir,

I have the honour to transmit to you the financial statements of the United Nations peacekeeping operations for the financial period ended 30 June 2001, which were submitted by the Secretary-General. These statements have been examined and include the audit opinion of the Board of Auditors.

In addition, I have the honour to present the report of the Board of Auditors with respect to the above accounts.

Accept, Sir, the assurances of my highest consideration.

(*Signed*) Shauket A. **Fakie**
Auditor-General of the Republic of South Africa
and Chairman
United Nations Board of Auditors

The President of the General Assembly
of the United Nations
New York

Chapter I

Financial report on the United Nations peacekeeping operations for the period from 1 July 2000 to 30 June 2001

1. The Secretary-General has the honour to submit his financial report on the accounts of the United Nations peacekeeping operations for the period from 1 July 2000 to 30 June 2001. The accounts in the present volume consist of 38 statements as at the end of June 2001 with related schedules and notes covering peacekeeping operations funded by assessments, as well as the Peacekeeping Reserve Fund, the support account for peacekeeping operations and the United Nations Logistics Base at Brindisi, Italy (see chap. V).

2. As stipulated in financial regulation 2.1, the financial period for peacekeeping operations with special accounts is one year, from 1 July to 30 June, and the financial reporting for those missions is contained in the present volume. The financial reporting for the United Nations Truce Supervision Organization and the United Nations Military Observer Group in India and Pakistan, which are funded from the United Nations regular budget, is done on a biennial basis and is contained in the biennial financial statements covering the regular budget. However, the expenditures of such funds are listed in annex I to the financial statements (chap. V). The financial reporting of peacekeeping — related activities funded by general trust funds is done on a biennial basis and is contained in the biennial financial statements. However the income, expenditures and fund balances are reflected in annex II to the financial statements.

A. Overview

3. Statements I, II and III of the accounts summarize the consolidated results of United Nations peacekeeping activities for the period from 1 July 2000 to 30 June 2001. Statement I includes income received and expenditures incurred. Schedule 1.1 reflects expenditures by category incurred by various active missions during the financial period. Statement II includes a summary of assets, liabilities, reserves and fund balances of peacekeeping operations as at 30 June 2001. Statement III summarizes the net cash flows for all peacekeeping activities for the period.

4. The financial situation of the United Nations peacekeeping operations during the period from 1 July 2000 to 30 June 2001 continued to be affected by serious cash shortages. This necessitated borrowing from and among peacekeeping funds, while substantial amounts of obligations for reimbursement to Member States for troop costs and contingent-owned equipment continued to remain unpaid. The failure of a number of Member States to pay their assessed contributions in full and on time for peacekeeping operations as well as for the regular budget and the international tribunals has resulted in recurring cash crises and exacerbated the Organization's inability to meet its financial obligations.

5. Figure 1 shows trends in total expenditures for all assessed peacekeeping missions for the period ended 30 June 2001 and for the four preceding financial periods. During the 12-month period ended 30 June 2001, there was an increase in total expenditures of $621.9 million or 35.4 per cent, mainly as a result of the start-up of the United Nations Mission in Ethiopia and Eritrea, expanded operations at the

United Nations Mission in Sierra Leone and the United Nations Organization Mission in the Democratic Republic of the Congo, and a full year of operations at the United Nations Transitional Administration in East Timor. Table 1 shows expenditures for each assessed peacekeeping mission for the last five financial periods.

6. Figure 2 shows trends in total unpaid assessed contributions for peacekeeping operations as at 30 June 2001 and as at the end of the four preceding financial periods. The increase as at 30 June 2001 compared with the end of the previous period of $223.4 million, or 10.5 per cent, was mainly due to outstanding assessments for UNMEE, together with an increase in respect of UNAMSIL. Table 2 shows the amounts of unpaid assessed contributions for each of the United Nations peacekeeping operations as at the end of the last five financial periods.

B. Active peacekeeping operations

8. Statements IV to XIX present the financial position for each of the peacekeeping operations active during the period from 1 July 2000 to 30 June 2001, along with detailed expenditure schedules.

9. Statement IV represents the accounts of the United Nations Peacekeeping Force in Cyprus, which are different from those of other peacekeeping operations. Prior to 16 June 1993, UNFICYP operations were funded solely by voluntary contributions in cash and in kind. Accordingly, no obligations were recorded in the accounts prior to 16 June 1993 unless sufficient voluntary contributions had been pledged or received to cover them. As a consequence, a total of $151.2 million in outstanding obligations due to Member States incurred prior to 16 June 1993 is not shown as a liability for that period. The General Assembly, in its resolution 47/236 of 14 September 1993, decided that beginning 16 June 1993, the costs of UNFICYP operations should be treated as expenses of the Organization to be borne by all Member States. Assessments have been made for mandate periods starting from 16 June 1993. Total expenditures for the 12-month period ending 30 June 2001 amounted to $42.4 million, as compared with $45.1 million in the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $18.3 million reflect an increase of $0.3 million.

10. The United Nations Emergency Force 1973 and the United Nations Disengagement Observer Force (statement V) had a total authorized retained surplus of $40.0 million, which was reduced during the period ended 30 June 2001 by $4.0 million in accordance with General Assembly resolution 55/264 of 14 June 2001. The remaining balance of $36.0 million represents the amount transferred to a

special account in accordance with General Assembly resolution 36/116 A of 10 December 1981. Total expenditures during the 12-month period from 1 July 2000 to 30 June 2001 amounted to $36.4 million, compared with $35.0 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $14.4 million reflect a decrease of $0.7 million.

11. The United Nations Interim Force in Lebanon (statement VI) maintained authorized retained surpluses totalling $82.9 million, including $19.6 million that had been transferred to a special account in accordance with General Assembly resolution 36/116 A. Total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to $184.0 million, compared with $149.6 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $165.5 million reflect an increase of $53.9 million.

12. Statement VII presents the financial position of the United Nations Iraq-Kuwait Observation Mission. Total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to $50.1 million, compared with $51.0 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $13.5 million reflect an increase of $1.9 million.

13. Statement VIII presents the financial position of the United Nations Mission for the Referendum in Western Sahara. Total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to $49.6 million, compared with $55.7 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $90.0 million reflect an increase of $13.3 million.

14. Statement IX presents the financial position of the United Nations Mission in Bosnia and Herzegovina. The total expenditure for the 12-month period from 1 July 2000 to 30 June 2001 amounted to $146.2 million, compared with $152.2 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $50.1 million reflect an increase of $5.4 million. The related missions of the United Nations Transitional Administration for Eastern Slavonia, Baranja and Western Sirmium and the United Nations Preventive Deployment Force are highlighted under section E on completed peacekeeping operations.

15. Statement X presents the financial position of the United Nations Observer Mission in Georgia. Total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to $26.0 million, compared with $25.0 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $12.4 million reflect an increase of $0.3 million.

16. Statement XI presents the financial position of the United Nations Mission of Observers in Tajikistan. UNMOT entered its liquidation phase in May 2000, hence total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to only $46,000, compared with $13.7 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $1.7 million reflect a decrease of $0.8 million.

17. Statement XII presents the financial position of the United Nations Observer Mission in Angola and the United Nations Angola Verification Mission. MONUA entered its liquidation phase in February 1999, hence total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to only $0.1 million compared with $14.2 million for the previous 12-month period. Total unpaid

assessed contributions as at 30 June 2001 amounting to $75.8 million reflect a decrease of $19.6 million.

18. Statement XIII presents the combined financial position of the United Nations Support Mission in Haiti, the United Nations Transition Mission in Haiti and the United Nations Civilian Police Mission in Haiti (MIPONUH). MIPONUH entered its liquidation phase in March 2000, hence total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to only $0.1 million compared with $19.1 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $20.2 million reflect a decrease of $0.9 million.

19. Statement XIV presents the financial position of the United Nations Mission in the Central African Republic. MINURCA entered its liquidation phase in March 2000, hence total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 amounted to only $0.1 million, compared with $40.6 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $36.2 million reflect a decrease of $4.4 million.

20. Statement XV presents the financial position of UNAMSIL and the United Nations Observer Mission in Sierra Leone. Total expenditures for the period from 1 July 2000 to 30 June 2001 rose to $522.1 million, compared with $264.9 million for the previous 12-month period. The substantial increase was due to the expansion of UNAMSIL. Total unpaid assessed contributions as at 30 June 2001 amounting to $243.9 million reflect an increase of $108.6 million.

21. Statement XVI presents the financial position of the United Nations Interim Administration Mission in Kosovo. Total expenditures for the period from 1 July 2000 to 30 June 2001 amounted to $383.4 million, compared with $362.4 million for the previous 12-month period. Total unpaid assessed contributions as at 30 June 2001 amounting to $120.1 million reflect an increase of $26.4 million.

22. Statement XVII presents the financial position of MONUC. Total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 rose to $246.5 million, compared with $55.3 million for the previous financial period, from 6 August 1999 to 30 June 2000, reflecting a full year of expanded operations. Total unpaid assessed contributions as at 30 June 2001 amounting to $118.1 million reflect a decrease of $47.2 million.

23. Statement XVIII presents the financial position of UNTAET. Total expenditures for the 12-month period from 1 July 2000 to 30 June 2001 rose to $527.6 million, compared with $292.0 million for the previous financial period, from 1 December 1999 to 30 June 2000, reflecting a full year of operations. Total unpaid assessed contributions as at 30 June 2001 amounting to $191.0 million reflect an increase of $19.3 million.

24. Statement XIX presents the financial position of UNMEE, which was established by the Security Council in its resolution 1312 (2000) of 31 July 2000. Total expenditures amounted to $164.1 million for the period from 31 July 2000 to 30 June 2001. Total unpaid assessed contributions as at 30 June 2001 amounted to $121.0 million.

C. United Nations Peacekeeping Reserve Fund

25. The United Nations Peacekeeping Reserve Fund (statement XX) was established by the General Assembly in its resolution 47/217 of 23 December 1992 to serve as a cash flow mechanism to ensure the rapid deployment of peacekeeping operations. In accordance with the resolution, the initial level of the reserve fund was set at $150.0 million, which comprised funds transferred from a cumulative surplus of $49.2 million from the United Nations Transition Assistance Group, $18.2 million from the United Nations Iran-Iraq Military Observer Group and $82.6 million from retained surplus of the United Nations General Fund.

D. Support account for peacekeeping operations

26. Central administrative support to all peacekeeping operations is funded through the support account for peacekeeping operations (statement XXI). The support account derives its income from allocations from the existing budgets of the active peacekeeping operations, as decided by the General Assembly. Total expenditures for administrative support to peacekeeping operations, most of which were for staff and other personnel costs, totalled $62.0 million during the 12-month financial period ending 30 June 2001, compared with $38.4 million during the previous 12-month period.

27. Statement XXII presents the financial position of the United Nations Logistics Base at Brindisi, which was established to receive, inspect, repair, distribute and store surplus assets from closed and/or downsized missions and to assemble and maintain mission start-up kits. Funding for the Logistics Base is derived from allocations from the existing budgets of active peacekeeping operations. During the present financial period, expenditures for UNLB totalled $7.7 million, as compared with $7.0 million during the previous financial period.

E. Completed peacekeeping operations

28. Statement XXIII presents the financial position of UNPREDEP, which ceased operations in October 1999. No expenditure was incurred during the current financial period. The change in fund balance was derived from interest income of $4.3 million. Total unpaid assessed contributions as at 30 June 2001 amounting to $9.5 million reflect a decrease of $0.1 million.

29. Statement XXIV presents the financial position of UNTAES, which ceased operations in November 1998. No expenditure was incurred during the current financial period. The change in fund balance was derived from interest income of $2.8 million. Total unpaid assessed contributions as at 30 June 2001 amounting to $26.1 million reflect a decrease of $0.2 million.

30. Statement XXV presents the financial position of the United Nations Observer Mission in Liberia, which ceased operations in June 1998. No expenditure was incurred during the current financial period. The change in fund balance was derived from interest and miscellaneous income ($0.7 million) combined with savings on or cancellation of prior period obligations ($0.2 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $4.0 million reflect a decrease of $1.4 million.

31. Statement XXVI presents the financial position of the United Nations Peace Forces, which ceased operations in June 1997. No expenditure was incurred during the current financial period. A substantial number of liabilities remained outstanding since a number of Member States had not paid their full assessed contributions. The change in fund balance for the period ended 30 June 2001 was derived from interest and miscellaneous income ($0.7 million) combined with savings on or cancellation of prior period obligations ($3.4 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $617.0 million reflect a decrease of $4.5 million.

32. Statement XXVII presents the financial position of the Military Observer Group of the United Nations Verification Mission in Guatemala, which ceased operations in May 1997. No expenditure was incurred during the current financial period. There was no change in fund balance, and total unpaid assessed contributions as at 30 June 2001 remained at $0.2 million.

33. Statement XXVIII presents the financial position of the United Nations Mission in Haiti, which ceased operations in July 1996. No expenditure was incurred during the current financial period. The change in fund balance was derived from interest income ($3.6 million), offset by prior period adjustments ($0.6 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $2.7 million reflect a decrease of $4.6 million.

34. Statement XXIX presents the financial position of the United Nations Assistance Mission in Rwanda and the United Nations Observer Mission Uganda-Rwanda, which ceased operations in April 1996. No expenditure was incurred during the current financial period. The change in fund balance was derived from interest and miscellaneous income ($1.8 million), offset by prior period adjustments ($1.1 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $24.4 million reflect a decrease of $0.5 million.

35. Statement XXX presents the financial position of the United Nations Observer Mission in El Salvador, which ceased operations in May 1995. No expenditure was incurred during the current financial period. The slight increase in fund balance was due to interest income combined with savings on or cancellation of prior period obligations. Total unpaid assessed contributions as at 30 June 2001 amounting to $2.8 million reflect a decrease of $0.1 million.

36. Statement XXXI presents the financial position of the United Nations Operation in Mozambique, which ceased operations in March 1995. No expenditure was incurred during the current financial period. The change in the fund balance was derived from interest and miscellaneous income ($0.6 million), offset by prior period adjustments ($0.2 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $18.8 million reflect a decrease of $0.3 million.

37. Statement XXXII presents the financial position of the United Nations Operation in Somalia, which ceased operations in February 1995. No expenditure was incurred during the current financial period. A substantial number of liabilities remained outstanding since a number of Member States had not paid their full assessed contributions. The change in the fund balance for the period ending 30 June 2001 resulted from interest and miscellaneous income ($1.3 million), offset by prior period adjustments ($0.3 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $194.1 million reflect a decrease of $39.7 million.

38. Statement XXXIII presents the financial position of the United Nations Military Liaison Team in Cambodia, which ceased operations in November 1994. No expenditure was incurred during the current financial period. The fund balance rose by $12,000, and total unpaid assessed contributions as at 30 June 2001 were $13,000.

39. Statement XXXIV presents the accounts of the United Nations Transitional Authority in Cambodia, which ceased operations in March 1994. No expenditure was incurred during the current financial period. The deficit in the fund balance amounting to $2.3 million reported in the financial period ended 30 June 2000 was eliminated through the application of prior period savings ($1.3 million), prior period adjustments ($1.6 million) and miscellaneous income ($0.2 million). Total unpaid assessed contributions as at 30 June 2001 amounting to $43.8 million reflect a decrease of $1.9 million.

40. Statements XXXV to XXXVIII present the financial positions of UNTAG, which completed its mandate on 30 June 1991 (statement XXXV); UNIIMOG, which completed its mandate on 31 March 1991 (statement XXXVI); the Special Account for UNEF 1956, which completed its mandate on 30 June 1967 (statement XXXVII); and the ad hoc account for the United Nations Operation in the Congo, which completed its mandate on 30 June 1964 (statement XXXVIII). The accounts of the Special Account for UNEF and the ad hoc account for ONUC remain open because various liabilities cannot be discharged since a number of Member States have not paid their full assessed contributions for those operations.

Annex

Supplementary information

1. The present annex includes supplementary information that the Secretary-General is required to report.

Write-off of losses of cash and receivables

2. In accordance with financial rule 110.14, the Controller, or when required the Secretary-General, after full investigation, has approved write-offs for the financial period from 1 July 2000 to 30 June 2001 totalling $780,535 for peacekeeping operations. In each case it was determined in the light of the facts known at the time that: (a) the responsibility for the loss could not be fixed and attached to any official of the United Nations; (b) every effort had been made to collect the amounts due; and (c) further collection efforts would be fruitless.

Write-off of losses of property

3. During the period from 1 July 2000 to 30 June 2001, property losses at various peacekeeping operations amounting to $12.2 million (based on their original costs) were written off in accordance with financial rule 110.15. Those write-offs brought the recorded balances of the properties to the same levels as those shown in the property records for the actual quantities on hand. The details of the amounts written off were reported to the Board of Auditors in accordance with the provisions of financial rule 111.10 (b).

Chapter II

Report of the Board of Auditors

Summary

The Board of Auditors has audited the United Nations peacekeeping operations at Headquarters as well as at 6 field missions funded from the regular budget, 13 missions funded from special assessed contributions, 11 missions in liquidation and the United Nations Logistics Base at Brindisi, Italy. The Board also validated the financial statements for peacekeeping operations with special accounts for the financial period ending 30 June 2001 and conducted three special reviews at the request of the General Assembly.

The Board's main findings are as follows:

(a) The opening balances of non-expendable equipment on inventory reports did not agree with the closing balances of non-expendable equipment as disclosed in the financial statements of the prior year (para. 20);

(b) The Board noted various discrepancies regarding the information contained in the field assets control system, which is used to determine the underlying value of non-expendable equipment. Accordingly, the Board was unable to obtain assurance as to the reasonableness of the value of non-expendable equipment of $695.7 million, as disclosed in the notes to the financial statements for the financial period ended 30 June 2001 (para. 26);

(c) Verified claims received from troop-contributing countries of approximately $8 million were included in note 10 to the financial statements for the financial period ended 30 June 2001 as contingent liabilities, instead of being disclosed as accounts payable (para. 38);

(d) Long-outstanding amounts included in accounts payable remained unpaid at year's end (para. 43);

(e) The memorandums of understanding in respect of contingent-owned equipment had not been signed prior to the deployment of troops to peacekeeping missions in all instances, while in other cases the memorandums of understanding had not been signed at all (paras. 62 and 63);

(f) Pre-arrival, arrival and inspection, and verification reports were not prepared in accordance with the Contingent-owned Equipment Manual by some missions (paras. 68, 72 and 78);

(g) While the resident auditor function was generally found to be effective, the potential for improvements to enhance the effectiveness of resident auditors was noted in the areas of training, risk assessment, audit coverage (value-for-money and information technology audits) and quality assurance (paras. 96, 102, 106 and 114);

(h) The introduction of results-based budgeting is a positive initiative in enhancing the responsibility and accountability in the implementation, monitoring and evaluation of programmes and budgets; however, specific guidance and training would have to be provided to peacekeeping missions to ensure the successful implementation of the results-based budgeting process (para. 129);

(i) Policies and procedures regarding the utilization of chartered aircraft by non-mission personnel was not always adhered to (paras. 159 and 162);

(j) Not all sections of two missions submitted procurement plans to the Procurement Section of the mission in a timely manner, resulting in the inability of the missions to develop an overall procurement plan (para. 186);

(k) The database of cases maintained by the Liquidation Unit differed from the database maintained by the Headquarters Property Survey Board. Discrepancies were not followed up in a timely manner (para. 199).

The Board's main recommendations are that the Administration enforce compliance with United Nations regulations and rules, improve controls ensuring complete and accurate custody and recording of non-expendable equipment evaluate resource requirements and benchmark resources to discharge responsibilities under the contingent-owned equipment procedures, improve procurement planning and improve procedures to liquidate missions in a timely manner.

A list of the Board's main recommendations is set out in paragraph 11 below.

A. Introduction

1. The Board of Auditors has audited the financial statements of the United Nations peacekeeping operations for the period from 1 July 2000 to 30 June 2001 in accordance with General Assembly resolutions 74 (I) of 7 December 1946, 47/211 of 23 December 1992 and 49/233 A of 23 December 1994. The audit has been conducted in conformity with article XII of the Financial Regulations and Rules of the United Nations and the annex thereto, as well as the common auditing standards of the Panel of External Auditors of the United Nations, the specialized agencies and the International Atomic Energy Agency. Those standards require that the Board plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free of material misstatement.

2. The audit was conducted, among other reasons, to enable the Board to form an opinion as to whether the expenditures recorded in the financial statements for the period from 1 July 2000 to 30 June 2001 had been incurred for the purposes approved by the governing bodies, whether income and expenditures had been properly classified and recorded in accordance with the Financial Regulations and Rules and whether the financial statements of the United Nations peacekeeping operations presented fairly its financial position as at 30 June 2001. The audit included a general review of financial systems and internal controls and a test examination of accounting records and other supporting evidence to the extent that the Board considered it necessary to form an opinion on the financial statements.

3. Pursuant to paragraph 6 of General Assembly resolution 47/211, the Board continued to maintain its expanded audit coverage both at Headquarters and at the field missions. The audit coverage included missions in liquidation as well as the United Nations Logistics Base at Brindisi, Italy. The missions audited are listed in annex I to the present chapter.

4. In addition to the audit of the accounts and financial transactions, the Board carried out reviews, under regulation 12.5, of the financial procedures, the internal financial controls and, in general, the administration and management of peacekeeping operations. The General Assembly also requested the Board to follow up on previous recommendations and to report to it accordingly. These matters are addressed in paragraphs 9 and 10 below.

5. The present report also addresses the special requests made by the Advisory Committee on Administrative and Budgetary Questions and the General Assembly, namely:

(a) To make an assessment of all aspects of the implementation of the arrangements for contingent-owned equipment, preferably at selected representative missions, and to ascertain the extent to which the process was being implemented efficiently and in a timely manner and whether there was capacity at the field mission to discharge the many responsibilities and tasks entrusted to the mission under the arrangements for contingent-owned equipment (A/55/878, para. 10; see paras. 58-86 below);

(b) To focus on the adequacy and effectiveness of resident auditors at field missions (ibid.; see paras. 87-126 below);

(c) To monitor the process of objective-setting by missions and the measurement of their use, whether effective or otherwise (resolution 55/220 C, para. 6, of 14 June 2001; see paras. 127-131 below).

6. The Board continued its practice of reporting to the Administration the results of specific audits in management letters containing detailed observations and recommendations. A total of 21 management letters were issued to the Administration in respect of audits of the United Nations peacekeeping operations for the financial period ended 30 June 2001.

7. The present report covers matters that, in the opinion of the Board, should be brought to the attention of the General Assembly. The Board's observations and conclusions were discussed with the Administration, the views of which, where appropriate, have been reflected in the report.

8. A summary of the Board's main recommendations is set out in paragraph 11. The detailed findings are discussed in paragraphs 13 to 209.

Previous recommendations not fully implemented

Year ended 30 June 1999

9. In accordance with section A, paragraph 7, of General Assembly resolution 51/225 of 3 April 1997, the Board has reviewed the action taken by the Administration to implement the recommendations made in its report for the period ended 30 June 1999[1] and confirms that, in general, there are no important outstanding matters except for those matters addressed in paragraph 193 below.

Year ended 30 June 2000

10. In accordance with General Assembly resolution 48/216 B of 23 December 1993, the Board also reviewed the measures taken by the Administration to implement the recommendations made in its report for the financial period ending 30 June 2000.[2] Details of the action taken and the comments of the Board are set out in annex II to the present report. Where applicable, due attention has also been paid to the observations and recommendations of the internal auditors.

11. The Board's main recommendations of the present report follow:

Non-expendable equipment

(a) The Office of Programme Planning, Budget and Accounts, in conjunction with the Department of Peacekeeping Operations, should reconcile all differences in inventory reports and also implement measures to ensure the accurate maintenance of such reports for the disclosure of non-expendable equipment in the financial statements of the United Nations peacekeeping operations (para. 23);

(b) The Office of Programme Planning, Budget and Accounts, in conjunction with the Department of Peacekeeping Operations, should enforce compliance with United Nations directives aimed at ensuring the proper recording and custody of non-expendable equipment (para. 27);

Liabilities

(c) The Administration should ensure that valid expenditures incurred in a financial period are accrued in the same financial period (para. 41);

Contingent-owned equipment

(d) The Field Administration and Logistics Division of the Department of Peacekeeping Operations should undertake a specific evaluation of the resources required at peacekeeping missions to implement the contingent-owned equipment arrangements efficiently and effectively with regard to the timely completion of pre-arrival, arrival and monthly verification reports. In this regard, the Division should benchmark the resources available in missions to determine the appropriate capacity while considering the unique circumstances applicable to each mission (para. 79);

Resident auditors

(e) The Office of Internal Oversight Services should address the need for adequate resources, to develop and implement a formal training and development programme in order to ensure that resident auditors have up-to-date technical knowledge and competency to enable them to function efficiently and effectively (para. 98);

Management by objectives

(f) The Administration should provide training and guidance to peacekeeping missions to assist them in the implementation of the process of management by objectives (para. 130);

Field air operations

(g) The Department of Peacekeeping Operations should ensure that missions strictly enforce policy and established procedures regarding the utilization of chartered aircraft by non-mission personnel (para. 164);

Procurement

(h) The Administration should ensure that all sections submit procurement plans to procurement divisions in a timely manner to facilitate the development of an overall procurement plan in order to ensure an effective and efficient procurement process (para. 188);

Liquidation of missions

(i) The Liquidation Unit should perform periodic reconciliations of records maintained by the Headquarters Property Survey Board and their own records to, among other things, investigate discrepancies and follow up long-outstanding amounts (para. 201).

12. The Board's other recommendations are shown in paragraphs 34, 45, 48, 52, 56, 64, 67, 69, 75, 83, 86, 103, 107, 112, 116, 120, 123, 136, 140, 142, 157, 160, 167, 170, 175, 179, 183, 193, 196 and 205.

B. Financial issues

1. Background

13. The statement of income and expenditure and changes in the reserves and fund balances of the United Nations peacekeeping operations, for the financial period ended 30 June 2001, reflects a net excess of income over expenditure of approximately $271 million, compared with $50 million for the previous period.

14. Total income increased by approximately 46 per cent, from $1,817 million as at 30 June 2000 to $2,657 million. The increase in the amount of assessed contributions largely contributed to the increase in the total income for the financial period under review.

15. The total expenditure increased by approximately 35 per cent, from $1,765 million as at 30 June 2000 to $2,383 million for the financial period under review. Expenditure on total active operations amounted to $2,379 million as at 30 June 2001 compared with $1,576 million for the previous financial period. Of the active operations as at 30 June 2001, approximately $1,844 million, or 78 per cent of the expenditure, related to the expanded operations of four missions, namely UNAMSIL, UNMIK, MONUC and UNTAET, and the establishment of one new mission, UNMEE.

16. Of the total expenditure of $2,379 million for active operations as at 30 June 2001, some 36 per cent relates to military personnel; civilian personnel represents approximately 30 per cent; operational requirements account for 28 per cent; and the balance of 6 per cent represents special programmes, UNLB and programme support costs, staff assessment and budgeted voluntary contributions.

17. The total assessed contributions receivable from Member States have increased by approximately 10 per cent, from $2,129 million as at 30 June 2000 to $2,352 for the year under review. The unliquidated obligations increased by some 29 per cent, from $827 million in the prior period to $1,069 million as at 30 June 2001, which is largely a result of the increase in expenditure for the year under review. Cash and term deposits at 30 June 2001 amounted to approximately $39 million, compared with some $901 million in the prior period, representing a decrease of some 96 per cent from the prior period.

18. The total reserves and fund balances related to peacekeeping activities funded through trust funds decreased by approximately 17 per cent, from $234 million in 1999/2000 to $195 million for the year under review, as expenditure of $74 million exceeded income of $35 million.

2. United Nations accounting standards

19. The Board assessed the extent to which the financial statements of the United Nations peacekeeping operations for the financial period ended 30 June 2001 conformed to the United Nations accounting standards. **The review indicated that the financial statements were generally consistent with the standards, except to the extent of the issues raised in paragraphs 36 to 42 of the present report.**

3. Non-expendable equipment

20. **The Board noted that the opening balances on the inventory reports supporting the amounts disclosed in note 9 to the financial statements (non-expendable equipment) for the 12-month period ending 30 June 2001 did not agree with the closing balances of non-expendable equipment disclosed in the financial statements for the prior period ended 30 June 2000.** Table 1 below details the net differences, amounting to some $45 million.

Table 1
Differences in opening balances[a]
(United States dollars)

Mission	*Closing balance as per financial statements 30 June 2000*	*Opening balance as per inventory report 1 July 2000*	*Difference*
UNFICYP	9 214 927	9 838 348	623 421
UNDOF	29 905 747	35 360 858	5 455 111
UNIFIL	115 294 480	127 579 368	12 284 888
UNIKOM	21 293 315	20 860 031	-433 284
MINURSO	23 882 860	24 206 369	323 509
UNMIBH	56 754 208	66 556 244	9 802 036
UNOMIG	13 056 735	13 669 307	612 572
UNLB	44 848 982	57 584 922	12 735 940
UNAMSIL	20 988 330	19 335 319	-1 653 011
UNMIK	82 944 062	81 534 473	-1 409 589
MONUC	6 393 508	7 162 623	769 115
UNTAET	31 760 517	37 638 243	5 877 726
Net difference			**44 988 434**

[a] This table covers only those missions that are not funded from the regular budget and does not include UNMEE, which became operational in the current financial period.

21. Based on discussions with the relevant personnel in logistics and communication services, the Board established that the differences in the opening balances resulted from a combination of the following factors, among other things:

(a) Assets that had been authorized for write-off but that had not yet been disposed of were included in the opening balances but had been excluded previously;

(b) Corrections were made to the dollar value of assets where the assets were originally recorded on the basis of an estimate;

(c) Adjustments were made to rectify errors resulting from the migration of inaccurate source data;

(d) Assets in transit were included but had previously been excluded from inventory reports by the releasing and receiving missions;

(e) Transactions were processed after 30 June 2000 in respect of equipment received prior to 30 June 2000.

22. Therefore, the Department of Peacekeeping Operations is of the opinion that the revised opening balances provide for more reliable information. While the Board has no reason to doubt this opinion, the factors leading to differences in the opening balances could not be quantified at the time of the audit in order to determine whether the reasons furnished accounted for all differences.

23. **The Board recommends that the Office of Programme Planning, Budget and Accounts, in conjunction with the Department of Peacekeeping Operations, reconcile all differences in inventory reports and also implement measures to ensure the accurate maintenance of such reports for the disclosure of non-expendable equipment in the financial statements of the United Nations peacekeeping operations.**

24. The Administration informed the Board that the Office of Programme Planning, Budget and Accounts, together with the Department of Peacekeeping Operations, had taken a number of steps to ensure that the value of non-expendable property would be correctly reported.

25. The Board also made various observations during reviews conducted at peacekeeping field missions with regard to non-expendable equipment. Some of these observations are listed below:

(a) At MINURSO, the physical assets could not be verified in the field assets control system. A similar finding was made at MINUGUA, where the checklists used by the Property Control and Inventory Unit contained various discrepancies related to, for example, the location of equipment and the omission of names of the custodians of the equipment;

(b) The field assets control system records were not updated for movements in non-expendable equipment at MINURSO, MONUC, UNOMIG, UNTAET, MINUGUA, UNMOGIP, UNSCO, and UNTSO;

(c) At UNMIBH, assets were not recorded in the field assets control system in a timely manner, so some verified data were not accurate;

(d) At MINURSO, MINUGUA, UNAMSIL, the United Nations Office in Angola and UNDOF, the Board found non-expendable equipment that had not been utilized and that was kept in a neglected condition;

(e) Asset listings from the field assets control system did not agree with the final inventory reports, and physical checks of inventory had not been performed at UNDOF, the United Nations Special Mission to Afghanistan and UNMOGIP.

26. The Board is concerned that since these observations were made on transactions selected on a test basis, there is a possibility that further material errors and omissions could exist. These audit findings, combined with the observations made at Headquarters, indicate that the value of non-expendable equipment of $695.7 million, as disclosed in note 9 to the financial statements for the year ended 30 June 2001, may be incorrectly stated since the underlying value of non-expendable equipment is based on information recorded in the field assets control system. Accordingly, **the Board was unable to obtain assurance as to the reasonableness of the value of non-expendable equipment of $695.7 million**

disclosed in the relevant note to the financial statements for the year ended 30 June 2001.

27. **The Board recommends that the Office of Programme Planning, Budget and Accounts, in conjunction with the Department of Peacekeeping Operations, enforce compliance with United Nations directives aimed at ensuring that:**

(a) All transactions relating to non-expendable equipment are processed in a timely manner;

(b) The field assets control system and all reports generated from it are complete, accurate and reflect only actual non-expendable equipment on hand;

(c) Reports generated from the field assets control system are properly utilized in order to determine the value of non-expendable equipment for financial reporting purposes.

28. The Administration informed the Board that it intended to issue specific guidance and direction to all peacekeeping missions on a regular basis. The Department of Peacekeeping Operations has designed standardized templates to ensure the timely and accurate processing of field assets control system transactions, as well as to monitor and provide guidance to ensure that reports reflect only actual non-expendable equipment on hand.

Accuracy and custody of non-expendable equipment

29. In accordance with rule 111.1 of the Financial Regulations and Rules of the United Nations, the Board was provided with details of cash, stores and other assets written off for the financial period ended 30 June 2001. A total amount of $780,535 was written off in the financial statements for losses of cash and other receivables in compliance with rule 110.14(a), as compared with an amount of $963,297 written off during the financial year ended 30 June 2000.

30. The Board noted that the amount of $780,535 included $512,246 (66 per cent) in respect of MONUA and UNOSOM, two missions in liquidation, and that of the balance of $268,289, only $44,791 (17 per cent) was in respect of active peacekeeping missions.

31. Table 2 below indicates that inventory valued at approximately $12.2 million (based on original cost) covering 11 missions was written off, in accordance with financial rule 110.15, representing a decrease of 55 per cent compared with an amount of $27 million written off in the previous financial period, ended 30 June 2000. Those losses, listed in table 2, resulted from damage (total loss by vehicle accident, fire, storm and other causes) as well as shortages (including inventory discrepancy, loss and theft).

Table 2
Property losses for the period from 1 July 2000 to 30 June 2001
(United States dollars)

Mission	*Inventory value written off*
UNMIK	220 478
UNMIBH	7 135 226
UNOMIG	154 424
UNIKOM	391 413
MINURSO	47 235
UNAMSIL	219 483
MONUC	5 249
UNTAET	3 413 322
UNIFIL	-
UNMEE	-
UNFICYP	22 907
UNDOF	637 769
UNLB	1 400
Total	**12 248 906**

32. **Although the Board is pleased to note the improvement in the value of property write-offs, it remains concerned by the significant amount of United Nations property losses, especially since 100 per cent of the amounts written off related to active peacekeeping missions, of which UNMIBH and UNTAET accounted for approximately 86 per cent.**

33. The Board made observations during reviews conducted at peacekeeping missions with regard to write-off cases, such as:

(a) Written-off Local Property Survey Board cases did not reconcile with the annual write-off report produced by the Local Property Survey Board at UNMIK;

(b) All pending write-offs were not included in the write-off report at UNMEE;

(c) At MINUGUA, the amount approved for write-off was not the same as the amount written off under the field assets control system.

34. **The Board recommends that the Administration emphasizes to all peacekeeping missions the importance of proper custody of United Nations property and that the missions ensure the completeness and accuracy of information recorded in respect of decisions taken by their Local Property Survey Boards.**

35. The Department of Peacekeeping Operations informed the Board that it would continue to implement measures to regularly update information on the field assets control system. The Department also intended to monitor and issue specific guidance and direction to all peacekeeping missions on a regular basis to ensure that

the field assets control system and all reports generated from it were complete and only reflected actual non-expendable equipment on hand.

4. Contingent liabilities

36. International accounting standard 37 defines contingent liabilities as:

(a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise; or

(b) A present obligation that arises from past events but is not recognized because:

(i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

(ii) The amount of the obligation cannot be measured with sufficient reliability.

37. Contingent liabilities amounting to approximately $37 million are disclosed in note 10 to the financial statements for the year ended 30 June 2001. The Board was pleased to note that contingent liabilities had decreased by $30.6 million (45 per cent) from $68 million in the prior financial period, ended 30 June 2000, to $37.4 million in the current period, ended 30 June 2001.

38. Approximately $8 million (22 per cent) of the total amount of contingent liabilities related to claims that had been verified by the Department of Peacekeeping Operations, confirming them as valid liabilities. An amount of $39.9 million had been similarly verified for the prior year. The liability of $8 million related to verified claims received for MONUA of $1.6 million and UNOSOM of $6.4 million. However, those claims had not been recognized in the financial accounts, as funds had not been reserved for the accrual of such expenditure. Accordingly, **the financial statements for the financial period ended 30 June 2001 are, in the opinion of the Board, understated by an amount of approximately $8 million in respect of both expenditure and liabilities.**

39. The remaining balance included write-off cases for UNOSOM of $13.2 million, as well as write-off cases not yet reviewed for MONUA of $1.7 million. The actual amounts that would be certified for payment in respect of UNOSOM had not yet been determined at the time of the audit. Claims submitted for UNPF of $1.8 million and MONUA of $1 million had also been included in the amount disclosed as contingent liabilities in the previous year and represented the maximum possible figure upon settlement. Claims received for MONUA of $11.5 million, which had not yet been reviewed, as well as claims not yet received of $0.2 million, also represented the maximum possible amount to be paid and were included in the total of contingent liabilities.

40. The Board acknowledges that obligations cannot be raised if the General Assembly does not approve funds. However, it is possible for funds to be budgeted for the future liquidation of claims in respect of past services received provided that the amount can be reasonably estimated and future payments are probable. The Administration advised the Board that obligations or liabilities could be recorded only after the approval of a financing resolution by the Assembly. Therefore, the Board encouraged the Office of Programme Planning, Budget and Accounts, in

conjunction with the Department of Peacekeeping Operations, to continue its efforts to clear the outstanding claims and to consider providing for future claims up to an amount that can be reasonably estimated and budgeted.

41. **The Board reiterates its recommendation made in the audit report for the period ended 30 June 2000 that the Administration ensure that valid expenditures incurred in a financial period are accrued in the same financial period.**

42. The Administration confirmed that it was not possible to record these liabilities because their funding had not yet been approved. However, a proposal would be submitted to the General Assembly at its fifty-sixth session, requesting funds for UNOSOM. If this request was approved, the verified liabilities for UNOSOM could then be recognized during fiscal year 2001/02 and, upon verification of the remaining claims, they could also then be recognized during fiscal year 2001/02. The liability in respect of MONUA would be similarly recognized, once the Department of Peacekeeping Operations had determined the final amount for all claims and funding had been approved by the Assembly.

5. Accounts payable

43. The Board noted a number of accounts payable that had shown no movement during the financial year under review and remained unpaid at year's end. Those amounts had been placed in and remained in "held" status for significant periods of time. Examples of long-outstanding accounts payable as at 30 June 2001 are indicated in table 3 below.

Table 3
Long-outstanding accounts payable as at 30 June 2001

Mission	*Document No.*	*Document date*	*Amount (United States dollars)*	*Approximate period outstanding*
UNPREDEP	PYIN 128426	14/7/2000	739 102	12 months
UNPREDEP	PYIN 95713	1/5/2000	46 850	14 months
UNPREDEP	PYIN 103196	13/10/2000	187 791	8 months
ONUC	TRA 10237	12/1997	909 178	42 months
UNAMIR	PYIN 111378	10/11/2000	3 178 854	7 months
MINURCA	PYIN 103061	5/9/2000	143 933	9 months
MINURCA	PYIN 126208	17/8/2000	662 926	10 months
UNTAC	PYIN 64828	2/6/1997	1 500 000	48 months
UNTAC	PYIN 64801	10/11/1997	627 975	43 months
UNTAC	PYIN 64554	31/10/1995	780 000	68 months
UNTAC	PYIN 64792	5/10/1995	116 363	68 months
UNTAC	PYIN 65265	3/2/1998	4 541 984	36 months
Total			**13,434,960**	

44. The Administration informed the Board that following the receipt of arrears payments from a Member State in November 2001, all claims held in accounts

payable as at 31 October 2001 were settled in December 2001 with the following exceptions:

(a) No claims were paid for UNTAC and MINURCA, since no arrears payments were received for those missions, which still lacked cash;

(b) A partial payment was made in respect of one ONUMOZ claim held in accounts payable up to the amount of the cash available;

(c) Approximately $9 million in claims relating to goods and services provided by one Member State to various peacekeeping missions (UNSMIH, ONUC, UNMEE, UNMIH, UNMOT, UNOMSIL, UNOSOM, UNPREDEP and UNPF) remained in accounts payable pending instructions from that Government on the application of those amounts to unpaid assessments.

45. **The Board recommends that the Administration take appropriate measures to follow up arrears payments in order to settle long-outstanding amounts.**

6. Cash and bank accounts

Bank reconciliation

46. The Board reviewed bank reconciliations at various missions and found that, in general, they were not performed on a monthly basis. At MONUC and UNTAET, for example, the time lag in performing bank reconciliations was up to 10 months. A similar finding was made at UNOMIG. **The Board is concerned that errors and misappropriations may not be detected and corrected in a timely manner and that all transactions may not be recorded in the financial records of the missions.** Several uncleared items that appeared on bank reconciliations of MONUC, UNOMIG and UNTAET had been outstanding for periods of more than six months.

47. The Board noted, through discussion with the chief administrative officers of the missions mentioned, that a shortage of staff with the appropriate qualifications and experience to operate the Sun Accounting systems as well as the delay in receiving bank statements contributed to the backlog in performing bank reconciliations.

48. **The Board recommends that the Administration ensure that all peacekeeping missions perform bank reconciliations on a monthly basis and that unreconciled differences are investigated and cleared in a timely manner. Furthermore, the missions should investigate and address the circumstances that compromised the timely performance of bank reconciliations.**

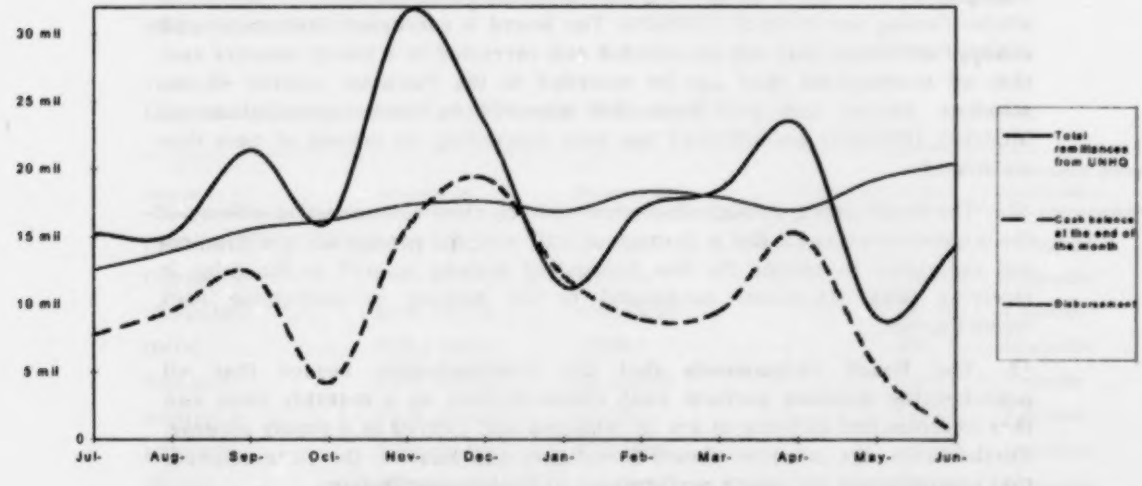
49. The Administration informed the Board that UNTAET, UNOMIG and MONUC had acted on the recommendation. UNOMIG and UNTAET now prepare their bank reconciliation statements on a monthly basis. MONUC had also brought its reconciliation statements up to date, except that for the account with the Union congolaise de banques, which was outstanding as at October 2001, pending a response to a clarification sought from the bank. Furthermore, the Field Administration and Logistics Division would remind the missions to ensure that bank reconciliation statements were prepared promptly, reconciling items investigated and the necessary adjustment effected in the accounts in accordance with established procedures.

50. **The Department of Management concurred with the recommendation of the Board and made the Treasury available to assist the Department of Peacekeeping Operations in investigating the circumstances compromising the prompt reconciliation of accounts. The Treasury could also assist by providing additional training to the chief financial officers and financial officers on banking issues.**

Level of cash remittances

51. The Board noted that remittances at UNMIK did not seem to match the actual needs of the Mission. Whereas disbursements increased slightly and very regularly throughout the year, remittance levels fluctuated considerably. Several transfers from United Nations Headquarters were made in spite of a large local cash balance available at the Mission. **Such remittances increased the cash balance without consideration of the actual disbursement needs**. Only at the very end of the financial period did Headquarters remittances match more closely cash requirements, which pared down cash to a reasonably low level. The chart below reflects the level of disbursements compared with remittances and the cash balance.

Level of disbursements compared with remittances and the cash balance for the period from 1 July 2000 to 30 June 2001



52. **Acknowledging the merits of having a cash safety margin, the Board recommends that the Administration, together with the missions, review the frequency and the amount of monthly remittances in order to more closely match actual cash requirements.**

53. The Department of Peacekeeping Operations informed the Board that UNMIK had initiated a review of both the frequency and the amount of monthly remittances with a view to reducing its overall cash holdings. Furthermore, the Department of Management concurred with the Board's recommendation and noted that, while it would be difficult in most missions to have a "just-in-time" delivery system for

money, the increased use of secure bank communication software could allow smaller balances to be maintained in the mission areas without jeopardizing operations. Software of this kind was in the process of being implemented at UNIKOM, UNMIBH and UNMIK. The Department of Management indicated that it was ready to provide guidance and, depending upon the posts made available for this purpose, to assist in the implementation of payments and cash management systems. The Department of Management also noted that it would appear that the Treasury needed to provide additional training in cash management and banking practices.

Agreements with banks

54. At UNMIK, the relationship of the Mission with each bank was not defined by any agreement. Costly banking fees were incurred, although no agreement specified the nature of services billed by the particular bank. At the time of the audit, UNMIBH was also not able to provide written agreements with five of its seven banks, contrary to good practices.

55. UNMIK informed the Board that the situation was being monitored with respect to one of the banks in which accounts were held and that it had sent a draft agreement to another one for signature on 27 August 2001, for which there had been no feedback.

56. **The Board recommends that the Administration ensure that missions review and renegotiate banking relationships with a view to limiting bank costs and delays by assessing whether banking charges and fees are appropriate and permitted under the contract.**

57. The Administration informed the Board that the practice of documenting agreements on a consistent basis might be streamlined in future on the basis of a model agreement developed by the Office of Legal Affairs and the Treasury. Some missions (UNMEE, UNLB, UNMIK and UNMIBH) have already approached the Office of Legal Affairs and the Treasury for assistance in the area of specialized banking law. The Administration could explore options for providing technical assistance from the Treasury at Headquarters and the Office of Legal Affairs in order to negotiate the document on a consistent basis, giving due regard to the privileges and immunities of the United Nations and the unique financial circumstances of peacekeeping missions.

C. Management issues

1. Contingent-owned equipment

58. The Advisory Committee on Administrative and Budgetary Questions requested the Board to make a comprehensive assessment of all aspects of the implementation of the arrangements for contingent-owned equipment, preferably at selected representative missions (A/55/878, para. 10). The Advisory Committee invited the Board to ascertain the extent to which the process was being implemented efficiently and in a timely manner, and whether there was capacity at the field mission to discharge the many responsibilities entrusted to the mission under the arrangements for contingent-owned equipment.

59. As part of its audit for the financial year ended 30 June 2001, the Board reviewed the arrangements for contingent-owned equipment with a specific focus on the memorandum of understanding, verification procedures and the certification and payment of claims submitted by the troop-contributing countries. The Board would continue to audit the other aspects of implementation of the arrangements for contingent-owned equipment and report thereon in its future audits.

60. The review of contingent-owned equipment was performed at MONUC, UNAMSIL, UNDOF, UNIFIL, UNMIK, UNMEE, UNOMIG, UNTAET and UNFICYP.

Memorandums of understanding

61. One of the goals of the contingent-owned equipment system is to have the troop contributor and the United Nations sign a memorandum of understanding prior to deployment stipulating the obligations of each party related to personnel, major equipment and self-sustainment.

62. **Contrary to the provisions of the Manual on Policies and Procedures Concerning Reimbursement and Control of Contingent-owned Equipment of Troop Contributors participating in Peacekeeping Missions (Contingent-owned Equipment Manual), the Board noted that some of the memorandums of understanding had been signed between two and eight months after the date of deployment of the contingents to the missions.** The Administration informed the Board that the negotiation process with the troop-contributing country was often protracted, which contributed to the delay in signing the memorandum of understanding prior to the deployment of troops. Table 4 below details some examples.

Table 4
Memorandums of understanding signed after the deployment of contingents to the missions

Country	*Date of deployment*	*Date signed*	*Approximate delay*
UNAMSIL			
1	23/5/2000	18/10/2000	4 months
2	7/2/2000	5/4/2000	2 months
3	9/4/2000	18/10/2000	6 months
4	18/4/2000	18/9/2000	4 months
5	27/2/2000	18/9/2000	6 months
UNTAET			
6	15/2/2000	18/10/2000	7 months
7	21/2/2000	28/7/2000	4 months
8	14/2/2000	26/5/2000	3 months

Country	*Date of deployment*	*Date signed*	*Approximate delay*
9	21/2/2000	30/10/2000	8 months
10	21/2/2000	17/7/2000	4 months
11	15/2/2000	1/11/2000	8 months
12	14/2/2000	17/7/2000	4 months
13	26/3/2000	17/10/2000	6 months
14	14/2/2000	5/9/2000	5 months
UNMEE			
15	11/2000	16/5/2001	5 months
16	1/2001	5/7/2001	6 months
17	2/2001	30/5/2001	4 months
18	3/2001	3/8/2001	6 months
19	1/2001	24/4/2001	3 months

63. The Board also noted cases at MONUC, UNMEE, UNMIK, UNFICYP and UNTAET where the memorandums of understanding had not yet been signed at the time of the audits even though the troops had already been deployed. At UNTAET, the Board noted two instances where the memorandums of understanding with troop-contributing countries remained unsigned at the time of the audit, even though some major equipment had already been repatriated.

64. **The Board recommends that the Administration ensure that the memorandums of understanding in respect of contingent-owned equipment are signed prior to the deployment of troops to peacekeeping missions and to monitor compliance in that regard.**

65. The Department of Peacekeeping Operations informed the Board that it recognized the concern of the Board regarding the lack of signed memorandums of understanding prior to the deployment of troops to a mission area. However, due to the time frame required to accomplish negotiations with the troop-contributing countries, most deployments to peacekeeping missions would occur prior to a signed memorandum of understanding being in place. It was important, though, that the overall equipment levels and self-sustainment positions be agreed upon in principle and that a draft memorandum of understanding be prepared prior to the deployment of the troops. A copy of the draft memorandum of understanding would then be forwarded to the missions to assist them in preparing the inspection and verification reports.

66. At UNMEE, the Mission did not always have, prior to deployment, the crucial list of approved national self-equipment and contingent-owned equipment for procurement planning and budgeting purposes. This lack of information resulted in the Mission's exceeding the authorized ceiling on a fuel contract because the national self-equipment support requirements could not be anticipated. Also, United

Nations Headquarters was still sorting out the letter of assist for the shipment of several items of contingent-owned equipment because the cost of shipping national self-equipment and contingent-owned equipment could not be separated.

67. **The Board recommended that the Department of Peacekeeping Operations ensure that future memorandums of understanding clearly state the level of support required for national self-equipment. The Department agreed with the recommendation.**

Verification procedures

Pre-arrival inspections

68. No pre-arrival inspections were carried out for most contingents deployed at UNMEE. Only one contingent was pre-inspected by a joint team approved by United Nations Headquarters. The Mission stressed that most contingents deployed in UNMEE had vast United Nations experience, but acknowledged that pre-deployment inspections proved to be very helpful in assisting the deploying contingent to get better organized. This was not implemented in the initial state of deployment because of a lack of staff.

69. **The Board recommends that the Department of Peacekeeping Operations include missions in pre-deployment inspections to ensure not only that the equipment meets the requirements, but also that no unnecessary equipment is deployed.**

70. The Department of Peacekeeping Operations informed the Board that the practice of conducting pre-deployment inspections had proven to be very useful in assisting contingents to get better organized. Full-scale inspections were planned for all contingents involved; however, due to the tight deployment schedule, a composite team of specialists could not be formed in time to conduct such inspections. The Department of Peacekeeping Operations would endeavour to conduct those inspections as a matter of policy.

Arrival inspections

71. The Contingent-owned Equipment Manual (see chap. 3, para. 10 and appendix 1, supplementary guideline 4) requires that arrival inspection reports in respect of major equipment be completed on the arrival of a contingent's initial deployment and submitted to the Field Administration and Logistics Division within one month.

72. At MONUC, the Board noted that the arrival inspection reports had not been prepared as required in the Contingent-owned Equipment Manual, as set out in table 5 below. A similar observation was made at UNTAET. In both cases, **a shortage of suitably qualified staff was cited as a contributing factor in the delay in performing arrival inspections**. MONUC was regarded as a better performer in this regard, although, on average, inspections were conducted approximately one month after deployment, as detailed in table 5.

Table 5

Delays in the preparation and the submission to the Field Administration and Logistics Division of arrival inspection reports at the United Nations Organization Mission in the Democratic Republic of the Congo

Country	*Unit*	*(a)* *Date of deployment*	*(b)* *Date of inspection*	*(c)* *Date received*	*(d)* *Approximate delay between (b) and (c)*
1	Support Senegal — Kananga	12/4/2001	25/5/2001	12/7/2001	2 months
2	Detachment —Kinshasa	12/4/2001	25/5/2001	12/7/2001	2 months
3	Guard unit — Kisangani	20/4/2001	15/5/2001	19/7/2001	2 months
4	Command and Support	20/4/2001	15/5/2001	19/7/2001	2 months
5	Guard — Kananga	4/4/2001	25/5/2001	12/7/2001	2 months
6	Air cargo handling	29/4/2001	30/5/2001	19/7/2001	2 months
7	Guard — Kalemie	29/3/2001	27/4/2001	7/8/2001	3 months

73. Arrival inspections, as part of the verification process, are mandatory, and the reports determine whether the equipment deployed is serviceable and in accordance with the content of the memorandum of understanding.

74. At MONUC, the monthly verification report for July 2001 in respect of a certain contingent indicated that some of the major handling equipment provided by a specific contingent (which was not subjected to an arrival inspection) had been manufactured as far back as 1963, such as a 2.8-ton forklift. The contingent had to service the equipment constantly in order to ensure that it was in operational condition. Also, because of the shortage of spare parts for such equipment (for example, there were no spare tires of the size needed for ambulances, and spare parts numbers 3302 and 3216 for utility/cargo trucks were limited), the mechanics had to engage in makeshift repairs such as modifying other spare parts.

75. **The Board recommends that the Logistics and Communications Service instruct the peacekeeping missions to assess the impact of using aged and/or obsolete equipment that needed constant repairs and maintenance on the efficiency and effectiveness of its operations and to remind force commanders to report on the serviceability of contingent-owned equipment. The Administration should also consider the feasibility and impact of including broad parameters, stipulating the acceptable age of contingent-owned equipment, in the Manual.**

76. The Administration concurred with the Board's recommendation in principle.

Submission of verification reports

77. The Contingent-owned Equipment Manual (appendix 1, supplementary guideline 5, para. 1) requires the Chief Administrative Officer of a peacekeeping

mission to submit monthly verification reports to the Field Administration and Logistics Division on the condition of major equipment and its availability.

78. At two missions, UNAMSIL and UNTAET, the Board noted that verification reports for some of the contingents had not been prepared monthly and that the reports in some instances covered a greater than six-month period. A shortage of staff was cited as having prevented the completion of verification reports in a timely manner. Table 6 below details some examples.

Table 6

Delays in the submission of certification reports

Country	*Unit*	*Period covered by the verification report*	*Approximate number of months covered by verification report*
UNAMSIL			
1	Infantry Battalion 1	29/5/2000 to 13/9/2000	3 months
2	Infantry Battalion 1	14/9/2000 to 24/4/20010	6 months
3	Medical Level II	9/2/2001 to 21/5/2001	3 months
4	Sector Headquarters	9/4/2000 to 4/9/2000	4 months
5	Special Force Company 2	1/9/2000 to 23/12/2000	3 months
6	Mechanized Company	17/5/2000 to 2/2/2001	8 months
7	Infantry Battalion	27/12/1999 to 30/9/2000	9 months
8	Infantry Battalion	5/10/2000 to 27/4/2001	6 months
UNTAET			
9	Infantry Company	21/2/2000 to 31/5/2000	3 months
10	Infantry	1/8/2000 to 31/1/2000	5 months
11	Infantry	14/2/2000 to 30/6/2000	4 months
12	Aviation	1/8/2000 to 30/11/2000	3 months

79. The Board recognized that a lack of resources at missions hampered the verification of contingent-owned equipment procedures. **The Board recommends that the Field Administration and Logistics Division undertake a specific evaluation of the resources required at peacekeeping missions to implement the contingent-owned equipment arrangements efficiently and effectively with regard to the timely completion of pre-arrival, arrival and monthly verification reports. In this regard, the Division should benchmark the resources available in missions to determine the appropriate capacity while considering the unique circumstances applicable to each mission.**

80. The Administration informed the Board that the Field Administration and Logistics Division had the capacity to monitor the submission of monthly verification reports and that there was regular follow-up with missions that did not conform to the reporting requirements. The Division considered that the magnitude of inspections undertaken in the missions was such that it had been necessary to review resource allocation. It concurred with the recommendation of the Board to evaluate the capacity of peacekeeping missions to implement the current contingent-owned equipment inspection procedures. In this regard, the Division would conduct a performance analysis, and also seek the views of the missions' management on the matter.

Certification and payment of contingent-owned equipment claims

81. The Board reviewed the reimbursement of contingent-owned equipment claims of troop-contributing countries that were certified for payment during the financial period ended 30 June 2001. The Board noted that, with respect to UNAMSIL, UNIFIL and UNTAET, there were some certified claims that remained unpaid for between 7 and 15 months, as set out in table 7 below.

Table 7
Certified claims between 1 July 2000 and 30 June 2001 that remained unpaid

Mission	*Country*	*Claim no.*	*Amount certified (United States dollars)*	*Period unpaid since verification report*
UNAMSIL	1	7671	797 250	12 months
UNAMSIL	2	7776	23 642	12 months
UNIFIL	3	7728	87 555	10 months
UNIFIL	4	7728	917 028	10 months
UNTAET	5	7705	99 093	15 months
UNTAET	6	7799	95 751	15 months
UNTAET	7	7756	16 430	7 months
UNTAET	8	7775	2 477 925	15 months
UNTAET	9	7758	422 227	12 months
UNTAET	10	7782	115 420	14 months

82. Verification reports identify the serviceability of contingent-owned equipment and the level of support as well as initiate the reimbursement process. Delays in the submission of the verification reports and in the processing of claims delay the

process of reimbursing troop-contributing countries. In some cases the memorandums of understanding were not signed, which contributed to the delay in making payments to troop-contributing countries, even if the verification reports had been processed.

83. **The Board recommends that the Administration intensify its efforts to address the delays in processing and certifying claims for payment to troop-contributing countries.**

84. The Administration informed the Board that the Department of Peacekeeping Operations had to a large extent been on time in the processing and certification of claims during the financial period from 1 July 2000 to 30 June 2001. The Administration further pointed out that the prompt payment of claims to troop-contributing countries was dependent on the availability of funds in the peacekeeping account.

85. In chapter 7, paragraph 1, of the Contingent-Owned Equipment Manual, mission factors are defined as increments to the reimbursement rates to compensate troop contributors for specific conditions prevailing in the area of responsibility that cause unusual wear and tear, shorter life of equipment, increased maintenance costs and/or risk of damage and loss to the equipment. At UNAMSIL, mission factors were included in the reimbursement rates under the letter of assist for the period from 1 November 2000 to 31 March 2001, as per the amendment dated 8 January 2001, although neither the original letter of assist nor the first amendment thereto, dated 18 July 2000, provides for such missions factors.

86. **The Board recommends that the Department of Peacekeeping Operations follow up the inclusion of mission factors in the reimbursement rates under the letter of assist for the period from 1 November 2000 to 31 March 2001 at UNAMSIL.**

2. Resident auditors

87. Following its consideration of the report of the Secretary-General on experiences gained from the use of resident auditors at peacekeeping missions (A/55/735), the Advisory Committee on Administrative and Budgetary Questions requested the Board to review the adequacy of the resident audit function at the missions (see A/55/828 and A/55/878).

88. The Board performed a limited review of the resident audit function at six peacekeeping missions (MONUC, UNAMSIL, UNMEE, UNMIBH, UNMIK and UNTAET). The purpose of the limited review was to provide an objective assessment of the adequacy and effectiveness of the resident audit function against international auditing standards developed by the Institute of Internal Audit. The total estimated cost of the resident auditors at all peacekeeping missions for the financial period ended 30 June 2001 amounted to some $2.061 million.

89. Resident auditors are staff from the Office of Internal Oversight Services who are deployed at the various peacekeeping missions. **The Board noted that the initiative of the Office to provide adequate audit coverage of the peacekeeping missions through resident auditors was supported by the Department of Peacekeeping Operations and that various initiatives were under way to improve and strengthen the resident audit function.** These initiatives include a revision of the standard terms of reference for resident auditors; the establishment

and updating of a database of suitable candidates to serve as resident auditors; and consideration of developing training programmes to improve the knowledge of resident auditors with respect to peacekeeping operations.

Resident audit authority

90. The work of the resident auditor is directed in part by written terms of reference developed by the Office of Internal Oversight Services and the Department of Peacekeeping Operations, with further guidance provided by the Office's Internal Audit Division (formerly the Audit and Management Consulting Division).

91. The standard terms of reference for the resident auditors provide for:

(a) Independent oversight of the activities of the peacekeeping mission to determine whether they conform to United Nations procedures and provide adequate internal controls;

(b) The performance of reviews to establish whether the peacekeeping mission's mandate is carried out in an economical, efficient and effective manner.

92. Resident auditors are directly responsible to the Office of Internal Oversight Services through the Chief, Peacekeeping Section, of the Internal Audit Division, and have unrestricted access to all documents, records and personnel at the missions. These and other organizational arrangements, such as the rotation of resident auditors, facilitate the independence and objectivity of the auditors.

Personnel

93. The Office of Internal Oversight Services developed a formula, which is linked to the size of a mission's annual budgeted expenditure, to determine the number of resident auditors who should be deployed to a peacekeeping mission. The full implementation of the formula would result in some six additional posts, as set out in table 8, which was taken from the report on experiences gained from the use of resident auditors at peacekeeping missions (A/55/735, table 3).

Table 8

Implications of implementing a formula proposed by the Office of Internal Oversight Services to determine the number and salary level of resident auditors and auditing assistants in peacekeeping missions

		Number and level of posts	
Mission	*Annual expenditure budget (millions of United States Dollars)*	*Currently authorized*	*Called for under OIOS formula*
MONUC	141.3[a]	1 P-5, 1 P-3	1 P-4/P-3
UNAMSIL	476.7	2 P-4	1 P-5, 3 P-4/P-3, 1 G-7/G-6
UNIFIL	139.5	0	1 P-4/P-3
UNMIBH	153.6	1 P-4	1 P-4/P-3
UNMIK	461.4	1 P-4, 1 P-3, 1 G-6	1 P-5, 3 P-4/P-3, 1 G-7/G-6
UNTAET	584.1	1 P-5, 1 P-4, 2 P-3, 1 G-6	1 P-5, 4 P-4/P-3, 1 G-7/G-6
UNMEE	200.0	1 P-4, 1 P-3, 1 G-6	2 P-4/P-3, 1 G-7/G-6
Total	**2 156.6**	**16**	**22**

[a] This amount represents the balance of the $200 million commitment authority granted by the General Assembly for the 1999/2000 period and is to cover estimated requirements for the period from 1 July 2000 to 30 June 2001.

94. The Board was pleased to note that the Office of Internal Oversight Services did not intend to implement the formula without having considered the complexity of a mission and other relevant factors, regardless of the size of its expenditure budget. The Board supports this approach and encourages the Office to determine a time frame within which to determine the optimum number of auditors to be deployed. According to the Office, the determination of the number of resident auditors to be deployed at each peacekeeping mission is an ongoing informal process based on an almost daily assessment of the risks involved.

95. The report of the Secretary-General also highlighted the difficulties experienced by the Office of Internal Oversight Services in recruiting suitably qualified staff as resident auditors, because of the preference of the Office to have persons with prior United Nations auditing experience. The Office has already taken steps to address the difficulties in recruiting suitable candidates to serve as resident auditors by maintaining and updating a database of suitable candidates. The Board was informed that the Internal Audit Division had strengthened its recruitment efforts by introducing a rigorous candidate assessment process consisting of written tests, in-depth competency-based interviews and, in certain cases, candidate presentations and group exercises. The Division is of the opinion that these measures will improve the quality of candidate selection, but additional resources will be required.

Training

96. As mentioned, the Office of Internal Oversight Services prefers to recruit personnel with prior United Nations auditing experience in order to deploy them as fully functional resident auditors without much training. While the Office was aware of the need to train resident auditors, existing training and development courses were somewhat limited. At UNTAET, MONUC, UNMEE and UNMIBH, junior auditors expressed a need for specific training, since some of them had only attended one training session for the year. Furthermore, **training needs were not formally identified and addressed in a training plan**.

97. While the Internal Audit Division recognized the need for training, it did not have the resources required to develop or provide structured formal training. Resident auditors occasionally worked together with visiting Office of Internal Oversight Services auditors from Headquarters, which provided for knowledge-sharing and supplemental training, as well as professional development for the resident auditors.

98. **The Board recommends that the Office of Internal Oversight Services address the need for adequate resources to develop and implement a formal training and development programme in order to ensure that resident auditors have up-to-date technical knowledge and competency to enable them to function efficiently and effectively.**

99. The Office of Internal Oversight Services informed the Board that specific needs could be satisfied only with significantly increased resources for training than were available in its present budget. The Office was in the process of preparing budget proposals for the peacekeeping support account for the next financial period towards the training of resident auditors.

Risk assessment

100. The international internal auditing standards define risk assessment as a systematic process for assessing and integrating professional judgements about probable adverse conditions and/or events. The risk assessment process should thus form the foundation for organizing and integrating professional judgements for the development of audit work.

101. The resident auditors prepare their audit work on the basis of audit focus areas identified by the Internal Audit Division at Headquarters, from discussions with management of the various peacekeeping missions and from information gathered during the year. Furthermore, as from June 2001, resident auditors were asked to plan their work by identifying specific audit assignments.

102. On the basis of discussions with the resident auditors and a review of working paper files, it appears that the resident auditors have a general awareness of risks. However, no evidence was found that the risk assessment process included the identification of relevant specific risks and an assessment of their relative significance in order to assign higher audit priority to activities with higher risks.

103. **The Board recommends that the resident auditors adequately document the sources of information leading to the identification of all the key processes of the missions, the objectives of those processes, the risks that threaten the achievement of process objectives and what controls are in place, if any, to**

address those risks. Each risk should be quantified, bearing in mind its potential impact on the mission and the probability of its materializing.

104. The Office of Internal Oversight Services reiterated to the Board that a number of risk assessment initiatives were under way to improve the process. While the Internal Audit Division was taking steps to improve its risk assessment process for peacekeeping missions, it could not realistically expect to fully implement the Board's recommendation without a major infusion of resources in terms of training, supervision and risk assessment consulting expertise.

Scope of audit work

105. The resident auditors perform traditional financial audit and compliance-type audits, which are conducted using the United Nations Financial Regulations and Rules, the Finance Manual and other approved directives as a source of compliance. An official from the Internal Audit Division explained that those types of audits formed the major focus of the resident auditors in view of the specific risk environment of peacekeeping operations.

106. Limited value-for-money or management-type audits were conducted on occasion by some resident auditors. While the Board noted that the resident auditors' work included elements of value-for-money audits, such audits lacked a formal approach and methodology as set out in the audit manual of the Office of Internal Oversight Services or as is normally expected in a typical value-for-money or performance audit. Also, no information technology-type audits had been performed for the period under review by resident auditors, although they had been performed on occasion by information technology auditors from Internal Audit Division headquarters.

107. **The Board recommends that the Office of Internal Oversight Services assess the capacity of the resident auditors and the resources available to perform structured value-for-money and information technology audits on a limited basis initially and more extensively in future.**

108. The Office of Internal Oversight Services indicated that value-for-money and information technology audits could not be regarded as the highest priority for resident auditors, given the present risks inherent in peacekeeping missions, the level of expertise required and the resources available. The Internal Audit Division informed the Board that it would place greater emphasis on its capacity to conduct structured value-for-money and information technology audits as the missions' control environment matured and further training resources became available.

109. The scope of internal auditing now also embraces wider concepts of corporate governance, risk and control and recognizing that control exists within an organization basically to manage risk and promote effective governance.

110. The Board acknowledges that the implementation of the recommendations of the Panel on United Nations Peace Operations (see A/55/305-S/2000/809) poses challenges to internal audit, for example, in providing assurance of internal controls in the growing number of larger and more complex peacekeeping missions.

111. The provision of objective assurance and consulting activities reflects the current reality of internal audit practices, which represents a departure from a narrower role of control appraisal and encompasses a broader role that includes

process improvement framed against the achievement of organizational objectives. The Office of Internal Oversight Services was aware of these and other challenges facing resident auditors and the need to strengthen the role of the resident auditors in that context. However, the Office pointed out that the current level of resources did not permit the conduct of performance-related activities.

112. **The Board recommends that the Office of Internal Oversight Services develop a medium-term strategy to consider the feasibility and impact of expanding the services provided by resident auditors to include performance-related activities.**

113. The Internal Audit Division informed the Board that it was not feasible to implement its recommendation within existing resources. The Division further indicated that comprehensive performance audits of peacekeeping activities had been conducted by Headquarters audit teams and that performance issues were sometimes addressed as part of the resident auditors' assignments.

Fieldwork

114. A number of working paper files from UNTAET and UNAMSIL were selected to evaluate the quality of working papers and evidence and to review the fieldwork. The review of working paper files from various missions indicated that sufficient knowledge on the audit activities was gathered; however, the adequacy of the related documentation could be improved.

115. **In general, the working papers were not found to be adequately prepared in terms of the audit guidelines of the Office of Internal Oversight Services.** The lack of adequate audit programmes and the limited extent of adequate documentation made it difficult to evaluate the quality and relevance of audit evidence in achieving audit objectives.

116. **The Board recommends that the Office of Internal Oversight Services implement measures to improve the quality of working papers and of audit evidence.**

117. The Internal Audit Division indicated that it would implement the Board's recommendation with regard to the quality of audit working papers and evidence to the extent possible with the available resources. The Division further indicated that the full implementation of the recommendation would require periodic visits to the field to conduct quality assurance reviews of resident auditors' work and that it would not always be possible with its present resources.

Reporting

118. The standard terms of reference for the resident auditors at peacekeeping and special missions provide for the resident auditor to prepare an audit report on his or her audit findings, which will be issued to the Field Administration and Logistics Division by the Director, Audit Management and Consulting Division (now the Internal Audit Division), on a semi-annual basis. Such reports were being issued annually in the past when the Audit Management and Consulting Division had only solo resident auditors in major missions. The terms of reference also provide for audit observations made by the resident auditor to be issued to the Chief Administrative Officer of the mission.

119. **The Internal Audit Division had not made available to the Field Administration and Logistics Division semi-annual reports on resident audit activities, as required by the terms of reference.** The Internal Audit Division informed the Board that those reports, the principle of which the Division had initiated, had not been compiled because of such problems as staff turnover, the establishment of resident audit functions at new missions and the general workload of resident auditors. Also, the terms of reference were currently under discussion with the Department of Peacekeeping Operations, including the issue of the semi-annual reports and their delivery. Significant findings of the resident auditors were included in the annual report of the Office of Internal Oversight Services to the General Assembly and reported to the Department of Peacekeeping Operations for comments before such findings were included in the annual report. The Board was pleased to note that the Internal Audit Division was finalizing such reports for the year 2001 for issuance to the Department of Peacekeeping Operations relating to UNMIK, UNAMSIL, UNMEE, UNTAET and MONUC.

120. **The Board recommends that the Internal Audit Division ensure compliance with the standard terms of reference for the resident auditor at peacekeeping and special missions with regard to submitting semi-annual reports to the Department of Peacekeeping Operations.**

121. The Internal Audit Division informed the Board that now that major missions were staffed with more than one resident auditor, it would aim to submit semi-annual reports to the Department of Peacekeeping Operations, but when that was not possible, it would submit annual reports.

122. The Board also noted that although resident auditors' findings were issued to the Chief Administrative Officer of the mission, it was not required that such findings be sent to the Department of Peacekeeping Operations, except when they were proposed for inclusion in the annual reports of the Office of Internal Oversight Services to the General Assembly. **The Board is of the opinion that the timely awareness by the Department of all significant audit findings and an opportunity to comment would enhance the effectiveness of communication and follow-up action while simultaneously facilitating a more complete response if semi-annual reports do not accomplish this objective.**

123. **The Board recommends that the Internal Audit Division, in conjunction with the Department of Peacekeeping Operations, evaluate existing measures that provide the Department with an opportunity to comment on significant findings of the resident auditors at the Department's discretion, as appropriate. Those measures should be evaluated with a view to enabling the resident auditor to independently consider both the mission's and Headquarters' perspectives on observations, in a timely manner, especially since peacekeeping missions and the Department are interdependent.**

124. After each audit has been completed, written reports are prepared and issued by the resident auditors. The reports are generally comprehensive and include the scope and purpose of the audit examination, as well as the findings and recommendations, where applicable.

125. The results of audit examinations are normally communicated to the Chief of Administration at the mission after having been cleared by the peacekeeping section of the Internal Audit Division. In discussions with the officials of the Division, the

Board noted that they were aware of the need to analyse the resident auditors' reports for systemic deficiencies in order to recommend appropriate corrective action and to provide further support, in a timely manner, as appropriate.

126. The Board encourages the Internal Audit Division to follow through with this practice. The Division indicated that an analysis of the resident auditors' findings to identify systemic issues would be made as considered appropriate as part of the Division's Headquarters reviews of resident auditors' reports.

3. Management by objectives

127. In its resolution 55/220 C, the General Assembly requested the Board to monitor the process of the setting of objectives by missions and the measurement of their use, whether effective or otherwise, and to report thereon to the Assembly. In response to the Assembly's request, the Board conducted a preliminary status review of the implementation of the process of objective-setting by the missions.

128. The missions have been informed by the Controller, through the Under-Secretary-General for Peacekeeping Operations, that results-based budgeting had been introduced for the preparation of the programme budget for the period 2002/03. The Board noted that the instructions provided for reporting the achievement of objectives, including any external factors that could have affected such achievements, in the performance report for the period from1 July 2002 to 30 June 2003.

129. Many of the missions currently express operational objectives in terms of the mandate of the mission, while some have not yet considered the process of objective-setting. However, those missions that had set objectives did not yet have clearly identified measures in place to monitor and evaluate the performance and achievement of the stated objectives. **Most of the missions were concerned about complexities and sensitivities involved in developing expected accomplishments in relation to peacekeeping-related objectives and requested specific guidance and training in that regard.** A guide to results-based budgeting, published by the Office of Programme Planning, Budget and Accounts, is commonly available.

130. **The Board recommends that the Administration closely monitor implementation of the process of management by objectives and then plan and provide specific training and guidance to peacekeeping missions accordingly.**

131. The Department of Peacekeeping Operations informed the Board that the preparation of the budgets for the period from 1 July 2002 to 30 June 2003 was in progress and that the Department was committed to ensuring that the directives of the Controller were fully complied with by the missions. The Department of Management indicated that it was planning to conduct formal training workshops in results-based budgeting for budget officers working in peacekeeping. The Board will continue to review the implementation of the process of management by objectives by peacekeeping missions in its next audits.

4. United Nations privileges and immunities

132. Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations exempts the United Nations and its subsidiary organs from payment of all direct taxes, except charges for public utility services, and from custom duties and charges of a similar nature in respect of articles imported or exported for its official use. The Board undertook a review at UNFICYP, UNMEE and UNMIBH to determine the extent to which the privileges and immunities of the United Nations were respected.

133. Following the introduction of a value-added tax (VAT) on 1 July 1992, the Ministry of Foreign Affairs of a Member State confirmed that UNFICYP would be exempted from payment of VAT on goods purchased and services rendered. However, procedures adopted at that time by the host Government in respect of zero rating were so complex, time-consuming and administratively cumbersome that a refund arrangement was adopted instead.

134. The host Government provided UNFICYP with an advance (imprest account) amounting to 20,000 Cyprus pounds (approximately US$ 29,567 at June 2001), which was equal to the anticipated amount of the Force's quarterly payments. The account was used to repay the VAT paid by UNFICYP and was replenished after the quarterly submission and verification of the claim. For the period from 1 April to 30 June 2001, because of an increase in the procurement of goods and services from the local market and an increase in the VAT from 8 per cent to 10 per cent in July 2000, the level of the imprest account was no longer sufficient to cover expenditures. Expenditures for the value-added tax during the period reached £C 76,973 (approximately $113,791), or £C 56,973 (approximately $84,225) in excess of the level of the imprest account. UNFICYP subsequently requested an increase in the advance to approximately £C 65,000 ($96,091) to improve its cash-flow situation.

135. On 9 April 2001 and again on 9 July, UNFICYP wrote to the host Government's Ministry of Finance, VAT Headquarters, asking for assistance in addressing this issue with the relevant authorities with a view to modifying the claim procedures. In the interim, the host Government increased the imprest account level to £C 40,000.

136. **The Board recommended that the Administration continue to pursue the exemption of the mission from payment of value-added tax with the host Government. UNFICYP agreed with the recommendation.**

137. The Administration informed the Board that the outright exemption of the mission from the value-added tax could not be implemented, as that would require changes in the tax laws of the host country, but said that the mission would pursue the matter with the aim of obtaining a further increase in the amount of the advance to the level of £C $65,000.

138. It appears that UNMEE had paid sales tax amounting to $164,944 between September 2000 and September 2001, as computed by the Mission itself. The status of forces agreement signed by the host Government stated that whenever possible, the Government should make appropriate administrative arrangements for the remission of any excise and tax payable as part of the price to be paid by UNMEE to contractors. As noted by the resident auditor on 9 August 2001, the words "whenever possible" could result in tax refund delays or rejections.

139. UNMEE informed the Board that it had completed a comprehensive review of the tax paid between September 2000 and September 2001 and that it was pursuing the recovery of the tax refund from the host Government.

140. **The Board recommends that the Administration, together with UNMEE, take steps to resolve with the host Government the issue of the payment of taxes on purchases in a timely manner, and that UNMEE review and claim refunds for sales tax and duties that have been improperly levied.**

141. UNMIBH held large cash balances partly because of the refusal of the host Government's tax authorities to exempt local staff from the obligation to pay particular taxes or contributions based on salaries. Local staff were therefore unwilling to have their salaries deposited in bank accounts because of the possibility that the host Government could withdraw the tax component directly from such accounts. The disagreement arises from different interpretations of the status of mission agreements between the United Nations and the host Government dated 23 July 1996 and 5 September 1996. The problem is still pending.

142. **The Board recommends that further efforts be made by the Administration to obtain from the host Government the tax status of local staff in compliance with article V of the Convention on the Privileges and Immunities of the United Nations.**

143. The Department of Peacekeeping Operations informed the Board that the Office of Legal Affairs had raised the matter of the tax status of local staff with the Permanent Mission of the host Government to the United Nations and that it would pursue the matter further with the Government through the Office of Legal Affairs.

5. Field air operations

144. During the planning of the audit, the Board determined that field air operations were an important and material element of peacekeeping operations. Accordingly, the Board reviewed field air operations at selected missions with an emphasis on contract management, letters of assist, aircraft utilization and medical support.

Contract management

145. The Board noted that in March 2001 the Procurement Division, in conjunction with the Field Administration and Logistics Division, recommended the award of a contract in a total not to exceed the amount of $34,223,412. The contract was for the provision of selected aerodrome operation services in connection with United Nations and other humanitarian flights into MONUC, including air terminal operations, cargo services, fleet aircraft servicing, passenger services, emergency and crash-rescue services, equipment maintenance, air traffic control, off-site training and other airfield management services.

146. As a result of the significance of the contract amount and an apparent duplication of services identified by the Office of Internal Oversight Services resident auditor in MONUC, the Office undertook a preliminary review of the contract with the objective of establishing the full extent of the duplication, if any; verifying whether a proper study and evaluation of the mission's requirements had been performed by the mission itself or by the Field Administration and Logistics Division; and of determining whether the Field Administration and Logistics

Division and the Procurement Division had fully taken into account the need to procure the required services at the lowest cost to the Organization.

147. **As the contract was being reviewed by the Office of Internal Oversight Services, the Board considered it desirable to coordinate its efforts with those of the Office to prevent duplication of audit work.** In the interim, the Board had conducted interviews with key individuals at United Nations Headquarters and gathered relevant documentation related to the contract in an effort to inform itself about the bidding process and the award of the contract. The Board decided to focus on whether or not all liabilities, both actual and contingent, arising from the award of the airfield operation services contract in MONUC had been recorded or disclosed, as appropriate, in the financial statements of the United Nations peacekeeping operations at 30 June 2001. The Board was informed that no liabilities existed in respect of the contract at 30 June 2001.

148. The contract was initiated following a memorandum of 11 May 2000 in which the Field Administration and Logistics Division requested the Procurement Division to issue a request for proposals for an initial one-year period, with an option for four one-year extensions for the provision of airfield services in MONUC. The Procurement Division issued a formal request for proposals on 19 May 2000 to a total of 23 companies internationally. The Division received a total of three offers from five companies, and the Field Administration and Logistics Division proceeded with a technical review and evaluation of the proposals, while the Procurement Division retained the pricing proposals.

149. Following an initial evaluation, an assessment of the subcontractors revealed low quality and a high degree of risk in fulfilling the contract requirements. This, together with the inability of the parties within the country concerned to effect a ceasefire, resulted in the discontinuance of the request for proposals process. Before a new request for proposals was issued, the Field Administration and Logistics Division requested (in a memorandum dated 6 February 2001 from the Director to the Assistant Secretary-General for Central Support Services) the best and final offers from the five companies that had submitted proposals under the original request for proposals in place of a new request. In response, the Assistant Secretary-General for Central Support Services agreed, on 7 February 2001, to a limited competitive bidding exercise with a short turnaround time, in view of the operational urgency and the fact that immediate mobilization requirements for the awardee would not allow the time required for a full rebidding.

150. On 27 February 2001, the Procurement Division received three proposals from five companies, and the Field Administration and Logistics Division conducted technical evaluations of the three proposals before recommending one contractor as the only and lowest technically acceptable proposal. The Procurement Division sought the advice of the Headquarters Committee on Contracts for the award of an initial one-year contract with options to extend it for four one-year periods, in a total not to exceed $34,223,412. At its meeting of 28 March 2001, the Headquarters Committee on Contracts unanimously recommended awarding the contract to the proposed contractor. The Board noted that as at November 2001, the contract had not been finalized.

151. Upon a preliminary review of the draft contract dated 27 July 2001, the Board noted that:

(a) Various task orders had been issued without the contract's having been finalized;

(b) Various amendments had been made to the draft contract and that the contract had not been finalized as at November 2001. One of the main reasons for the delay in signing the airfield services contract was that the Administration did not initiate a draft contract until after the contract was awarded. Additional delays occurred when the insurance industry removed the war-risk insurance rewrite-back options after the terrorist attacks of 11 September 2001. The issue of the right to engage any other person or entity to perform services during the duration of the contract contributed to the delay;

(c) Certain services provided for in the contract, for example, cargo-handling services, were also being performed by a contingent.

152. While at MONUC, the Board was also informed that no funds had been obligated in respect of any potential liabilities arising from the deployment of the contractor in terms of the draft contract. This matter was followed up at United Nations Headquarters and the Board was once again informed that no liabilities existed as at 30 June 2001 in respect of the limited deployment of the contractor.

153. In order to formulate the scope and approach for any further work to be undertaken, the Board held discussions with the Office of Internal Oversight Services and planned to evaluate the outcome of the Office's review. The Board received a copy of the Office's report on 18 December 2001, which found that the Department of Peacekeeping Operations' objective of expeditiously establishing an airfield services contract to address the urgent operational requirements of MONUC concerning aviation safety was not achieved. The report also found that the Department's decision to use the outsourcing option, contrary to the Organization's outsourcing policy, for providing airfield services to MONUC was not supported by a cost-benefit analysis. The findings in the report also pointed to several discrepancies and errors in the technical evaluation of proposals, which raised concerns about the capacity of the Field Administration and Logistics Division to prepare comprehensive technical specifications and to evaluate complex technical proposals pertaining to aviation-related services.

154. The Board will endeavour to follow up on the review conducted by the Office of Internal Oversight Services with a focus on the following areas:

(a) The plans and reports defining the requirements and needs of the airfield services required, as well as specifications;

(b) The requests for proposals or any other records soliciting bids;

(c) The technical evaluation of the proposals, with an emphasis on the discrepancies and errors identified by the Office of Internal Oversight Services;

(d) The signed contract and any amendments thereto;

(e) The progress reports, contract invoices and payments;

(f) Ongoing reports on quality assurance and contractor performance.

Letters of assist

155. A letter of assist serves as a contracting document issued by the United Nations to a Government to provide goods and services to a United Nations peacekeeping operation. The Board reviewed letters of assist at various peacekeeping missions that were issued to Governments in respect of air operations and noted that the Governments had not always signed the letters.

156. According to the letter of assist entered into between a Government and the United Nations with respect to MONUC, the United Nations had an option of extending the term of the letter of assist until 31 March 2002. The initial term of the letter of assist was 1 April 2000 to 31 March 2001. That term was extended only in August, four months after the end of the first term. Services were thus rendered to MONUC for a period of four months without a signed agreement in place. Similarly, at UNMEE, some aircraft were operated through a letter of assist. A letter of assist regarding P166 aircraft expired on 27 May 2001 and was extended only on 1 June. However, the aircraft operated between 28 to 31 May, briefly exposing the United Nations to risk.

157. **The Board recommends that the Administration ensure that all letters of assist are duly signed before the commencement of the agreement.**

158. The Department of Peacekeeping Operations informed the Board that it would continue to follow up on letters of assist to ensure their prompt conclusion with the relevant Governments.

Aircraft utilization

159. At UNMIK, approximately 92 per cent of the flight hours were used for the Mission itself. The remaining 8 per cent were used for the benefit of third parties, either because they were part of one of the pillars of the Kosovo Transitional Administration or as a result of the practice of mutual free chartering of helicopters between the Kosovo Force (NATO) and UNMIK. However, UNMIK did not request reimbursement from such third parties.

160. **The Board recommends that missions account for flight hours for both internal and external users and should invoice external users for reimbursement of costs incurred on behalf of such organizations where flight hours are not related to UNMIK areas of responsibility.**

161. The Department of Peacekeeping Operations has informed the Board that UNMIK has put into place procedures to follow the matter up in line with the United Nations Air Operations Manual.

162. The Board reviewed the monthly aviation report and the aircraft use report summary for MINUGUA for the period from 1 July to 31 December 2000 and noted that a total of 349 non-mission personnel boarded flights provided by two United Nations-contracted carriers. A similar observation was made at UNMOGIP. An analysis of the non-mission personnel flight authorizations at MINUGUA showed that 13 out of 16 flight authorizations approved during the month of December 2000 were not signed and/or countersigned by the requesting party. Nine authorizations were approved by the air operations assistant instead of the Chief of the Mission or the Chief Administrative Officer, as required in the authorization form.

163. Also, during the months of July and August 2000, 86 non-mission personnel boarded the United Nations-contracted aircraft without an approved authorization from the Mission. Thirty-eight passengers also did not sign a waiver of liability. A further analysis showed that 29 out of the 62 non-mission personnel who boarded the contracted aircraft during the month of December 2000 did not execute waivers of liability in case of an accident. **The Board was concerned that for some requests for non-mission personnel flight authorization, the reasons for the requests were not related to the furtherance of the Mission's mandate. Also, the Board is concerned that there is a risk that claims could be instituted against the United Nations in the event of accidents or fatalities. In some requests, no reason was stated.**

164. **Although air operations at MINUGUA were discontinued during 2001, the Board recommends that the Department of Peacekeeping Operations ensure that missions strictly enforce policy and established procedures regarding the utilization of United Nations-chartered aircraft by non-mission personnel.**

165. The Administration informed the Board that the missions would be reminded of the relevant provisions of the United Nations Air Operations Manual for their future compliance, as appropriate.

166. The MINUGUA air-charter agreement provided for a proportionate reduction in the total price in the event of the cancellation of a flight or the unavailability of aircraft during the term of the agreement due to any act or omission on the part of the carrier. However, the agreement did not provide for any reduction in cost when a minimum of 90 flight hours had not been utilized because of flight cancellations due to bad weather or any unforeseen event. The Board is of the view that not including this provision in the agreement was disadvantageous to the United Nations.

167. **The Board recommends that the Administration consider provisions setting out causes for reducing charges when negotiating future field air operation contracts.**

168. The Department of Management informed the Board that the Procurement Division would explore the Board's recommendation with the Transport Section, Logistics and Communications Service, Field Administration and Logistics Division, to discern the likely risk-benefit factors involved. The current practice between the Field Administration and Logistics Division and Accounts Payable is to consider monthly billing over a cumulative quarterly basis. The Procurement Division is in discussions with its counterparts in the Field Administration and Logistics Division and the Accounts Division to expand this cumulative review to the life of the contract itself.

Medical support

169. Also at UNMIK, the Board noted that aircrews did not have medical support from a qualified doctor. This is especially important for the MI-8 helicopter crew, which cannot be replaced at short notice, contrary to the B-212 helicopter, which has two crews available.

170. **The Board recommends that the Administration ensure that pilots have regulated access to doctors conversant with air operation health requirements in order to monitor health risks and their consequences.**

171. The Administration informed the Board that the Headquarters Medical Service had authorized the missions to provide medical support to aircrews assigned to their missions. In this regard, the Field Administration and Logistics Division was coordinating with Member States to secure the services of doctors who were conversant with aviation health requirements for the relevant missions. The Department of Peacekeeping Operations wished to clarify that UNMIK strategic aero-medical aircraft could also be used to rapidly transport personnel to level-III medical facilities for further evaluation.

6. Procurement

Delegation of procurement authority

172. In terms of proposed changes in the delegation of procurement authority, the Chief Procurement Officer and the Assistant Procurement Officer at peacekeeping missions would be given responsibility for procurement activities up to a maximum of $50,000 and $10,000 respectively.

173. While there appears to be no reason not to implement the proposed delegation of procurement authority, the Board noted that the following areas would require attention:

(a) MINUGUA and UNMEE encountered delays in not having duly approved local committees on contracts, which are required to render advice on procurement matters. At the United Nations Special Mission to Afghanistan and UNTSO, the Local Committee on Contracts was not established strictly in terms of the Field Administration Manual and the Finance Manual;

(b) The Administration would need to enforce measures to monitor compliance with the proposed delegation of procurement authority, as two instances were found where procurement officials had exceeded their delegated authority;

(c) Based on discussions with some chief procurement officers, it would appear that there is a general need to strengthen the function of the assistant procurement officers through training, especially when he or she has to act in the absence of senior officials.

174. UNMOGIP has delegated authority to invite proposals or tenders subject to a financial limit of $40,000 annually, involving commitments to a single contractor in respect of a single requisition or series of related requisitions. However, the Mission exceeded its delegated authority by incurring costs aggregating to $86,858 for the procurement of services for the construction of extensions to drivers' quarters, carried out in three phases, without approval of the Headquarters Committee on Contracts.

175. Increased delegation of procurement authority would contribute to improving the efficiency and effectiveness of the procurement process. **However, the Board recommends that the Administration selectively delegate increased authority to missions that have demonstrated full compliance with United Nations regulations and rules and other directives.**

176. The Administration informed the Board that increasing the delegation of procurement authority for peacekeeping missions in accordance with the recommendation of the Panel on United Nations Peace Operations (see A/55/305-

S/2000/809) was still being discussed by the Department of Peacekeeping Operations and the Department of Management and that no decision had yet been made. Furthermore, United Nations Headquarters confirmed the approval of the Local Committee on Contracts, on 21 September 2001, at MINUGUA. The Department of Management indicated that a joint working group was looking at the issue of delegation of authority.

"Carlog" system

177. A "Carlog" system was installed at UNDOF during the period of May to July 2000 at a total cost of $163,096. Similar systems were installed at UNMIBH and UNMIK, for example, at costs exceeding $200,000.

178. The system serves as a management tool that can be used, for example, to control and monitor the speed of vehicles and to determine the utilization of vehicles per day or per month. However, **the system has not yet been utilized in some missions, as a policy on the utilization of the system has not yet been approved.**

179. **The Board recommends that the Administration follow up the use of the Carlog system to ensure that peacekeeping missions effectively apply the system in controlling and monitoring the utilization of motor vehicles.**

180. The Administration informed the Board that the management of UNDOF had approved the policy regarding the Carlog system and that the concerned personnel had been directed to implement the system for more effective management and control of vehicles.

Ordering and receiving procedures

181. The Board once again observed that purchase orders were dated after the corresponding invoice. This is contrary to financial rule 110.3, which stipulates that every obligation shall require clarification before the expenditure is actually incurred. Table 9 below sets out some examples at MINURSO where purchase orders were dated subsequent to the corresponding invoices.

Table 9

Purchase orders dated subsequent to corresponding invoices

Voucher No.	*Purchase order No.*	*Purchase order date*	*Period covered*	*Invoice dates*
13011037	1MIN200159	18/10/2001	1/7 to 31/12/2000	June to August 2000
13012039	1MIN200159	18/10/2001	1/7 to 31/12/2000	September 2000
13001060	1MIN200229	22/12/2001	1/11 to 31/12/2000	4-20 December 2000
13004060	1MIN200335	19/3/2001	1/1 to 30/4/2001	January to February 2000

182. The Board also noted, as reported in the previous year, that not all vendors had accepted the terms and conditions contained in the obligation documents. **The failure of vendors to accept the terms and conditions specified may expose missions to subsequent contractual disagreements.**

183. **The Board recommends that:**

(a) Missions should approve and issue purchase orders against approved contracts prior to the delivery and invoicing of the underlying goods or services;

(b) Missions should renew efforts to ensure that vendors accept the terms and conditions of purchase orders and/or to explore alternative ways in which such acceptance might be obtained.

184. The Department of Peacekeeping Operations advised the Board that the delays in raising requisitions and the subsequent purchase orders were due in part to delays in the receipt of allotment advices because of the MINURSO mandate's being extended for short periods and the immediate operational requirement for certain goods. However, the Department was concerned that the recommendations made previously regarding weaknesses in procurement practices had not been implemented and would remind missions to comply fully with the procurement procedures relating to purchase orders and the acceptance of contract terms and conditions by vendors.

Procurement planning

185. Procurement planning is essential to facilitate an effective and efficient procurement process, including the benefits of bulk purchasing and improved cash-flow management. The various sections at the peacekeeping missions are responsible for developing and submitting their procurement plans to the Procurement Division of the mission.

186. The Board noted that some of the sections at MONUC and UNTAET had not submitted their procurement plans to the Procurement Section of the mission. **The non-submission of the plans meant that an overall procurement plan could not be developed by the missions, despite requests by the chief procurement officers.** The Department of Management noted this observation and emphasized that in such circumstances, the missions' procurement plan could not be reported to the Field Administration and Logistics Division and collated with its overall plan and subsequently provided to the Procurement Division.

187. At MINURSO, out of a total of 576 purchase orders issued during the financial year under review, 268 orders, or approximately 47 per cent, related to purchases for amounts below $2,000. A well-developed procurement plan would reduce the frequency of small purchases, resulting in cost and time savings.

188. **The Board reiterates its previous recommendation that the Administration ensure that all sections submit procurement plans to procurement divisions in a timely manner to facilitate the development of an overall procurement plan in order to ensure an effective and efficient procurement process.**

189. The Department of Peacekeeping Operations informed the Board that while UNTAET had prepared a plan to guide its procurement activities, the implementation of the recommendation was ongoing at MONUC and MINURSO.

7. Personnel resources

190. The Board noted that as at 30 November 2001, the peacekeeping mission staffing table indicated that 5,183 posts (approximately 91 per cent) were filled out of 5,700 authorized posts. The Board noted an improvement of approximately 11 per cent compared with the incumbency rate of 80 per cent as at 30 November 2000. However, the vacancies in some 517 posts (compared with 1,029 posts in the prior year) resulted in missions' experiencing difficulties in meeting operational objectives as well as in maintaining sound financial and management controls, such as verifying contingent-owned equipment and performing bank reconciliations as referred to elsewhere in the present report. The Board's observations on specific difficulties experienced by missions because of a lack of staff have also been raised in a number of management letters conveyed to the Administration.

8. Civilian police

191. At UNMIK, deficiencies in the pre-deployment selection of civilian police in home countries are reported to be a major hindrance to the effectiveness of the civilian police. In spite of continuous improvement, the selection of civilian police in some home countries remains insufficient, as the Department of Peacekeeping Operations and the Office of Internal Oversight Services have underlined. Prior examination at home by the United Nations selection assistance team is not mandatory. Consequently, **a significant proportion of civilian police have arrived in Kosovo without selection assistance team clearance and then had to submit to belated, on-the-spot mandatory tests. A significant proportion of officers failed the test upon their arrival.**

192. These examples echo recommendations made by the Office of Internal Oversight Services in its audit of United Nations civilian police operations (see A/55/812, para. 42). The costly repatriation of unqualified officers is a burden for the Mission. Slow and ineffective repatriation procedures and implementation also increased costs. For a contingent, there is a fixed management cost, regardless of size, related to selection, transportation, training and field deployment. A total of 52 countries were providing officers to UNMIK at 30 June 2001, 12 of which had fewer than 9 officers. The large number of contributing countries has an impact on organizational arrangements and related costs. The Department of Peacekeeping Operations has commented that the pre-screening test by a United Nations selection assistance team is indeed provided only upon request from a contributing country, but that it has distributed pre-deployment training packages to assist contributing Member States.

193. **The Board recommends that the Administration ensure that adequate consideration be given to improving the process of selecting civilian police. Furthermore, the Department of Peacekeeping Operations should, in the context of management by objectives and optimizing civilian police assignments, analyse the data available on contingent forces' previous professional experience and:**

(a) Share it with missions to facilitate local human resources management;

(b) Pursue talks with contributing countries in order to implement systematic and rigorous selection prior to departure.

9. Missions in liquidation

Control, filing, tracking and archiving of documentation

194. The Board reviewed the flow of documentation between the various sections dealing with missions in liquidation and found that correspondence such as memorandums, proposals requesting information or approvals often got lost, misplaced or delayed. **This resulted in delays in finalizing the accounts for liquidation purposes.** Table 10 details some examples of the delays in the routing of documentation. The Department of Management noted that the majority of the cases involving the missions mentioned in table 10 were created in 1998 and 1999 by the missions, although the incidents occurred in 1995 and 1996. The Department of Management further noted that the cases were part of a backlog of 2,500 cases that were inexplicably retained for years by the Field Administration and Logistics Division and had been delivered to the Headquarters Property Survey Board secretariat in late 1999 and early 2000 upon the instructions of the Controller. As at 15 January 2002, about 80 cases were still pending.

Table 10
Delays in the routing of liquidation documentation

Details of documentation	*Date sent*	*Documentation sent to*	*Date received from addressee*	*Time lapse*
Write-off request for uncollectible accounts receivable: MONUA ($2,956.40)	May 2000	Accounts Division	January 2001	8 months
Write-off request for uncollectible accounts receivable: MONUA ($129,112.19)	June 2000	Accounts Division	March 2001	9 months
Write-off request for uncollectible accounts receivable: MONUA ($79,833.51)	March 2000	Accounts Division	June 2001	15 months
Various Headquarters Property Survey Board cases: UNAVEM and MONUA	1993-1999	Headquarters Property Survey Board	Still awaiting	2-8 years
SB/153/98 — MIPONUH	December 1998	Headquarters Property Survey Board	Still awaiting	over 2 years
SB/69/98 — MIPONUH	September 1998	Headquarters Property Survey Board	February 2001	over 2 years

195. While the Board noted that the Administration had implemented measures to improve the control of documentation of "current" missions in liquidation, **the**

Board is concerned that the issue was not being addressed where "older" missions in liquidation were concerned.

196. **The Board recommends that the various sections dealing with the liquidation of missions and the Liquidation Unit ensure that measures are implemented to effectively monitor and control the movement of all liquidation reports and related documentation and to improve the filing thereof until the accounts of missions in liquidation have been closed.**

197. The Department of Peacekeeping Operations informed the Board that the Finance Management and Support Service of the Field Administration and Logistics Division was in the process of implementing a central filing system to monitor those documents until they were returned to the Archives and Records Centre.

Timely follow-up and reconciliation of pending Headquarters Property Survey Board cases

198. Various Headquarters Property Survey Board cases were found in respect of UNOSOM on which the Board had ruled that it needed more information to be able to resolve the cases. The cases were therefore returned to the Field Administration and Logistics Division for further attention and resubmission to the Headquarters Property Survey Board. The Board of Auditors noted that a lengthy period of time had lapsed before any action was taken to resubmit these cases to the Headquarters Property Survey Board. Examples are set out in table 11 below.

Table 11

Headquarters Property Survey Board cases not followed up in a timely manner

Case No.	*Amount (in United States dollars)*	*HPSB ruling date*	*Date on which the Liquidation Unit resubmitted the case to HPSB*	*Approximate time lapse*
SOM/SB/294 1995	2 100	January 1997	August 2001	4 years
SOM/SB/246 1995	3 258	December 1996	August 2001	4 years
SOM/SB/248 1995	3 160	December 1996	August 2001	4 years
SOM/SB/165 1995	455	December 1996	August 2001	4 years
SOM/SB/254 1995	520	January 1997	August 2001	4 years
SOM/SB/A/1223 1995	25	June 1995	August 2001	6 years

199. The Board of Auditors found a number of cases in which the database of cases maintained by the Liquidation Unit differed from the database maintained by the Headquarters Property Survey Board with respect to missions in liquidation.

200. **The Board is concerned that the discrepancies between the Liquidation Unit and Headquarters Property Survey Board databases did not appear to be followed up in a timely manner, which may cause, among other things, delays in finalizing the accounts and liquidating the mission.**

201. **The Board recommends that the Liquidation Unit:**

(a) Follow up all cases that should have been resubmitted to the Headquarters Property Survey Board by the mission;

(b) Perform periodic reconciliations of records maintained by the Headquarters Property Survey Board and their own records to, among other things, investigate discrepancies and follow up long-outstanding cases.

Asset disposition report

202. An asset disposition report must be compiled for every mission in liquidation and submitted to the Field Administration and Logistics Division. Subsequently, the Division is responsible for forwarding the report to the Peacekeeping Finance Division, which in turn reviews and finalizes the report and submits it to the Advisory Committee on Administrative and Budgetary Questions and the Fifth Committee. At the time of the audit, the asset disposition reports for UNMOT and MINURCA were still outstanding, although those missions had been liquidated in May and June 2000 respectively. The finalization was delayed because the reports could not be located, nor could it be established whether or not the asset disposition report of MINURCA had, in fact, been compiled.

203. The Department of Management noted that the Department of Peacekeeping Operations had experienced delays in finalizing the reports, and the Office of Programme Planning, Budget and Accounts had sent follow-up memorandums to the Field Administration and Logistics Division requesting the documentation. Efforts to obtain these reports were unsuccessful for nearly 10 months, until August 2001. The asset disposition reports, when found, could not be verified owing to the fact that the field assets control system could not be updated to reflect assets transferred to other missions.

204. The end-of-mission report of MINURCA for the period from 15 April 1998 to 31 March 2000 indicated that the Mission had experienced staff shortages in both its active and liquidation periods. In August 2001 a request was submitted to the Office of Programme Planning, Budget and Accounts for the approval of funds to manually recompile the report at an estimated cost of $39,800 in respect of travel over a period of 61 days, which was approved on 16 August 2001. The Logistics and Communications Service determined that the task required the full-time commitment of five staff members for a period of two months to meet the adjusted deadlines of end-September 2001 (MINURCA) and mid-October 2001 (UNMOT). Only one team member was attending to the task at hand at the time of the audit.

205. **The Board recommends that the Administration implement measures to ensure the expedient finalization of the incomplete asset disposition reports of MINURCA and UNMOT. Furthermore, the Administration should implement measures to prevent a recurrence of the factors leading to the delays in the finalization of asset disposition reports.**

206. The Department of Peacekeeping Operations informed the Board that the Field Administration and Logistics Division had completed the final asset disposition reports in respect of MINURCA and UNMOT and that the details of the asset disposition had been updated in the field assets control system. Furthermore, the Field Administration and Logistics Division had completed the reconciliation of assets of the International Civilian Support Mission in Haiti, a recently liquidated mission.

10. Fraud and presumptive fraud

207. As required under the Financial Regulations and Rules of the United Nations, the Administration reported cases of fraud and presumptive fraud to the Board for the financial period ended 30 June 2001.

208. In six of the seven cases reported, the United Nations did not incur any financial loss. In the only case resulting in financial loss, three contractual employees at a United Nations gas station falsified fuel pump and receipt readings in order to avail themselves of fuel for their personal use and sale. The financial loss could not be quantified in monetary terms at the time the present report was finalized, however the loss was estimated to be between 100 and 200 litres of fuel per day for a period of up to 11 months, although this could not be confirmed. The contractor has dismissed the three employees concerned. No amounts have since been recovered from the contractors. The mission had informed the Administration that controls had been implemented to prevent a recurrence of the problem.

11. Ex gratia payments

209. The Administration informed the Board that no ex gratia payments had been made during the year ending 30 June 2001.

D. Acknowledgements

210. The Board of Auditors wishes to express its appreciation for the cooperation and assistance extended by the Secretary-General, the Under-Secretary-General for Management, the Under-Secretary-General for Peacekeeping Operations and members of their staff, as well as to the staff at the peacekeeping missions.

Annex II

Follow-up on action taken to implement the recommendations of the Board of Auditors in its report for the financial period ended 30 June 2000[a]

1. The Board followed up on action taken by the Administration to implement recommendations made previously on the accounts for the prior period, ended 30 June 2000. The Board was pleased to note that most of the recommendations were implemented or that positive action had been taken to implement them. Some of the actions will be kept under review and followed up by the Board in future audits. The recommendations not implemented have been commented on in the present report and relate to liabilities, cash management, verification of contingent-owned equipment claims, procurement planning and documentation in respect of the liquidation of missions.

Recommendation in paragraph 11 (a)

2. The Administration should ensure that valid expenditure incurred in a financial period is accrued in the same financial period.

Measures taken by the Administration

3. The Board's recommendations have been implemented. The Administration reported that certain uncertified claims remained unrecorded because funding had not yet been allocated and approved by the General Assembly. Such claims have been shown as contingent liabilities, and continued efforts are being made to reduce the amount of unrecorded liabilities.

Comments of the Board

4. The Board's comments on this issue are reflected in the present report (paras. 36-41).

Recommendation in paragraph 11 (b)

5. The Administration should ensure that rule 104.1 of the Financial Regulations and Rules of the United Nations, which requires obligations to be supported by appropriate valid obligating documents, are adhered to and also that obligations are raised in the correct financial period against the appropriate budgeted amounts.

Measures taken by the Administration

6. The Board's recommendation has been implemented.

Comments of the Board

7. Based on the current audit, the Board concurs that the recommendation has been implemented.

Recommendation in paragraph 11 (c)

8. Field missions should send verification reports in respect of contingent-owned equipment directly to the Finance Management and Support Service, where the comparison to the memorandums of understanding should be performed.

Measures taken by the Administration

9. The Board's recommendation has been implemented. In addition, there was close consultation between the Finance Management and Support Service and the Logistics and Communications Service as and when necessary regarding the technical aspects of the review of the verification of reports.

Comments of the Board

10. The Board concurs that its recommendation has been implemented and will continue to monitor this matter in future audits.

Recommendation in paragraph 11 (d)

11. The Administration should reconcile all differences in inventory reports, to be based on the field assets control system, and implement measures to ensure that the system is complete, continuously updated and accurately maintained.

Measures taken by the Administration

12. The implementation of the Board's recommendation in ongoing.

Comments of the Board

13. The Board's comments are included in the present report (paras. 20-27).

Recommendation in paragraph 11 (e)

14. The Administration should ensure that supplier evaluations are completed on a timely basis.

Measures taken by the Administration

15. The implementation of the Board's recommendation is ongoing.

Comments of the Board

16. The Board will keep this matter under review.

Recommendation in paragraph 11 (f)

17. The Administration should undertake a review of resources currently available to meet peacekeeping procurement needs, establish more systems contracts where possible and encourage proper procurement planning.

Measures taken by the Administration

18. The Board's recommendation has been implemented. Measures have been implemented to realign the procurement and contract management resources to more effectively monitor and manage contracts. Procurement planning was being standardized through field missions, and closer coordination with the Procurement Division was being put in place. A consolidated procurement plan for all field missions was submitted to the Procurement Division with semi-annual updates.

Comments of the Board

19. The Board's comments with regard to procurement planning are reflected in the present report (paras. 185-189).

Recommendation in paragraph 11 (g)

20. The Department of Peacekeeping Operations should re-emphasize the need for missions to comply fully with established procedures regarding the use of miscellaneous obligating documents.

Measures taken by the Administration

21. The implementation of the Board's recommendation is ongoing.

Comments of the Board

22. The Board will keep this matter under review.

Recommendation in paragraph 11 (h)

23. The Administration should implement measures to ensure that the Liquidation Unit takes responsibility for the overall monitoring and coordination of the liquidation process, that staff have proper access to application systems and that staff are appropriately qualified and experienced in all facets of the liquidation process.

Measures taken by the Administration

24. The recommendation has been implemented. The Department of Peacekeeping Operations has addressed the resource requirements of the Liquidation Unit by approving the recruitment of additional personnel under the emergency support account. Also, the Liquidation Unit has been provided with expanded access to the relevant computer databases for more effective monitoring of the liquidation process.

Comments of the Board

25. The Board's recommendation has been implemented.

Recommendation in paragraph 11 (i)

26. The Administration should implement urgent measures to expedite the filling of vacant posts at peacekeeping missions.

Measures taken by the Administration

27. The initiatives of the Department of Peacekeeping Operations to expedite the filling of vacant posts included re-engineering the Office of Human Resources Management's "Galaxy Project" to meet the recruitment needs of peacekeeping operations, creating an active and updated roster of pre-screened candidates, establishing succession planning for key positions, assisting the Office of Human Resources Management in developing generic job profiles and creating standby and start-up teams. In addition, further delegation of recruitment authority to the field was envisaged. However, this necessitates that recruitment standards be established, qualified recruitment specialists be deployed to the field and appropriate monitoring mechanisms be instituted at Headquarters.

Comments of the Board

28. The Board will keep this matter under review.

Recommendation in paragraph 11 (j)

29. The Administration should review the extent of compliance with current electronic data-processing policies and guidelines by peacekeeping missions, with a view to improving protocols that ensure sound controls and procedures.

Measures taken by the Administration

30. The Administration reported that training sessions conducted at the United Nations Logistics Base at Brindisi, Italy, revealed that all the missions recognized the importance of electronic data control requirements and had taken corrective action to enforce them. The Field Administration and Logistics Division would endeavour to ensure that comprehensive information technology policies, controls and procedures promulgated at Headquarters were being fully adhered to and implemented by the peacekeeping missions.

Comments of the Board

31. The Board will continue to monitor this matter in future audits.

Recommendation in paragraph 11 (k)

32. The Administration should formulate an environmental management system to address environmental issues and ensure compliance with policies relating to peacekeeping operations.

Measures taken by the Administration

33. A request for the resources necessary to develop and implement environmental programmes was included in the report of the Secretary-General on resource

requirements for implementation of the report of the Panel on United Nations Peace Operation (A/55/507 and Add.1). Although the two posts were not approved, the Department of Peacekeeping Operations intended to request resources for environmental requirements in the 2002/03 budgets of the various peacekeeping missions.

Comments of the Board

34. The Board will continue to monitor this matter in future audits.

Recommendation in paragraph 22

35. The Administration should ensure that missions adhere to the United Nations accounting standards and implement measures to monitor such compliance.

Measures taken by the Administration

36. The Administration had resolved the case of non-compliance with the United Nations accounting standards, and the financial reports received from missions are now monitored to ensure that payables and receivables are offset in fully justifiable cases.

Comments of the Board

37. Based on the current audit, the Board concurs that its recommendation has been implemented.

Recommendation in paragraph 39

38. UNLB should determine an appropriate value for the contributions in kind received, which should be disclosed in the notes to financial statements for peacekeeping operations.

Measures taken by the Administration

39. The recommendation has been implemented. The Administration reported that the guidelines in respect of voluntary contributions that were endorsed by the Advisory Committee on Administrative and Budgetary Questions and the General Assembly had been reviewed recently and that the contribution provided by the Member State to UNLB did not fall within those guidelines. Accordingly, disclosure of the voluntary contribution in the financial statements was not required.

Comments of the Board

40. The Board acknowledges the implementation of its recommendation.

Recommendation in paragraph 45

41. The Administration should emphasize the importance of proper custody of United Nations property to all peacekeeping missions.

Measures taken by the Administration

42. The Administration indicated that it would take the matter up with all peacekeeping missions through the Department of Peacekeeping Operations.

Comments of the Board

43. The Board's comments are reflected in the present report (paras. 25-27).

Recommendation in paragraph 53

44. The Administration should take appropriate action to review the rates used for determining the reimbursement for contingent-owned equipment to ensure the reasonableness of reimbursement costs.

Measures taken by the Administration

45. The General Assembly's post-Phase V Working Group, which is mandated to review the reimbursement rates, met in January 2001 and undertook a review of those rates. The report of the Group was endorsed by the Assembly during its fifty-fifth session. The Secretariat was in the process of updating the Contingent-owned Equipment Manual to reflect the decisions of the Assembly.

Comments of the Board

46. The Board's recommendation has been implemented.

Recommendation in paragraph 63

47. The Department of Peacekeeping Operations should ensure that all verification reports are submitted by the missions in a timely manner to facilitate prompt processing of reimbursements to Member States for contingent-owned equipment.

Measures taken by the Administration

48. The implementation of the Board's recommendation is ongoing.

Comments of the Board

49. The Board's comments are reflected in the present report (paras. 77-79).

Recommendation in paragraph 72

50. The Administration should instruct missions to process the transfer of non-expendable property with due care and to ensure that receiving parties inspect the goods on arrival, in a timely manner, to expedite the follow-up of discrepancies.

Measures taken by the Administration

51. The implementation of the Board's recommendation is ongoing.

Comments of the Board

52. The Board will keep the matter under review.

Recommendation in paragraph 85

53. The Board reiterates the recommendation made in its report on peacekeeping operations for the period ended 30 June 1999[b] that the Administration remind missions to submit procurement plans based on inputs received from all sections in order to facilitate sound procurement principles, including the benefits of bulk purchasing and improved cash management.

Measures taken by the Administration

54. The implementation of the Board's recommendation is ongoing.

Comments of the Board

55. The Board's comments are reflected in the present report (paras. 185-188).

Recommendation in paragraph 99

56. The Administration should review the procurement process and the role of each section, taking into consideration the significance of adding value to the process, preventing duplication of efforts and reducing procurement lead time.

Measures taken by the Administration

57. The Administration has completed a review of the existing procurement process, including a best-practice survey of similar processes in other United Nations organizations and public organizations. The realignment of the Supply Section of the Field Administration and Logistics Division to encompass responsibility for oversight of and the provision of advice on all contracts will standardize the process. A working group dealing with other relevant sections within and outside the Department of Peacekeeping Operations was being created to review the process and make recommendations for further improvements.

Comments of the Board

58. The Board acknowledges the action taken by the Administration and will continue to monitor this matter.

Recommendation in paragraph 103

59. The Administration should evaluate the effectiveness of the liquidated damages clause in procurement contracts as a mechanism for ensuring prompt delivery by vendors.

Measures taken by the Administration

60. The Procurement Division has already applied the liquidated damages clause in levying more than $600,000 on contractors as liquidated damages for delays in performance and/or delivery. A few more cases were under review to determine the amount to be levied. The Procurement Division will continuously review individual cases and incorporate a liquidated damages clause into contracts with time-sensitive requirements.

Comments of the Board

61. The Board acknowledges the action taken by the Administration and will continue to monitor this matter in future.

Recommendation in paragraph 106

62. The Board reiterates the recommendation made in its report on peacekeeping operations for the period ended 30 June 1999[b] that the Administration implement measures to ensure that, for all goods received by field missions, receiving and inspection reports are issued on a timely basis, thus facilitating a more efficient procurement process.

Measures taken by the Administration

63. The implementation of the Board's recommendation is ongoing.

Comments of the Board

64. The Board will keep this matter under review.

Recommendation in paragraph 109

65. In order to ensure that goods and services are procured economically and that the tender process is transparent and equitable, the Board recommends that all staff members in procurement sections and the members of the local committees on contracts complete declarations confirming their independence in relation to vendors or potential vendors.

Measures taken by the Administration

66. Staff members who are assigned procurement activities or who are members of the Local Committee on Contracts are required to disclose any direct material interest in any vendor company and to not participate in any discussion relating to vendors on the Organization's approved list with which they may be directly or indirectly associated. Furthermore, the local committees on contracts are advisory bodies whose recommendations are subject to further scrutiny and review.

Comments of the Board

67. The Board acknowledges the Administration's response and will continue to monitor this matter in future in the context of a horizontal review of procurement.

Recommendation in paragraph 117

68. The Administration should expedite the conclusion of a memorandum of understanding with the host Government and clarify the tax and duty privileges of the United Nations to all pillars of UNMIK. Furthermore, to avoid any risk of liability being incurred by UNMIK in respect of fuel tax, the Board recommends that the Mission restrict the use of the UNMIK fuel stations to United Nations vehicles, take steps to ensure that it can properly trace fuel it has ordered and reconcile fuel ordered with the amounts actually delivered.

Measures taken by the Administration

69. The recommendation has been implemented.

Comments of the Board

70. The Board acknowledges the implementation of its recommendation.

Recommendation in paragraph 121

71. The Administration should implement controls at UNAMSIL designed to ensure that transactions being processed are properly authorized, supported with appropriate documentation and not duplicated.

Measures taken by the Administration

72. The recommendation has been implemented. UNAMSIL has improved its cash management practices in accordance with established procedures.

Comments of the Board

73. The Board acknowledges that its recommendation has generally been implemented, but will continue to monitor this matter in future.

Recommendation in paragraph 126

74. The Administration should approve the liquidation guidelines as a directive for administering the liquidation of a mission in order to facilitate enforcing compliance with such procedures.

Measures taken by the Administration

75. The implementation of the Board's recommendation is in progress.

Comments of the Board

76. The Board will monitor this issue in future audits.

Recommendation in paragraph 131

77. The Administration should emphasize compliance with the liquidation manual to the missions in liquidation, which should also monitor the planning and subsequent execution thereof closely.

Measures taken by the Administration

78. It is now standard practice to provide liquidation guidelines to missions that are to be liquidated, as was the case recently with MICAH, a mission under liquidation.

Comments of the Board

79. The Board concurs that its recommendation has been implemented.

Recommendation in paragraph 135

80. The Department of Peacekeeping Operations Liquidation Unit should develop a focused liquidation plan in respect of liquidation activities that become the responsibility of Headquarters.

Measures taken by the Administration

81. The residual tasks that are handed over to United Nations Headquarters by the missions in liquidation are performed in the Field Administration and Logistics Division and in other divisions and offices outside the Department of Peacekeeping Operations. These are monitored through regular meetings and status reports, which are prepared periodically as the liquidation process progresses at Headquarters until the residual tasks are completed.

Comments of the Board

82. The Board will monitor the impact of these meetings in the next audits.

Recommendation in paragraph 137

83. In order to effect proper control and achieve the objectives of the Liquidation Unit, the Administration should implement procedures to ensure that supporting documentation is accessible in a timely manner.

Measures taken by the Administration

84. The Department of Peacekeeping Operations has taken up the issue with missions under liquidation regarding the timely submission of all source documents to expedite the liquidation process.

Comments of the Board

85. The Board's comments are reflected in the present report (paras. 194-196).

Recommendation in paragraph 141

86. **The Administration should record the full sale of assets in accordance with the United Nations accounting standards.**

Measures taken by the Administration

87. The Board's recommendation has been implemented.

Comments of the Board

88. The Board acknowledges the implementation of its recommendation.

Recommendation in paragraph 147

89. **The Department of Peacekeeping Operations should use the performance appraisal system for identification of training or development needs. Such training requirements should be considered during the planning of training courses for staff members.**

Measures taken by the Administration

90. The Field Administration and Logistics Division is in the process of finalizing the new field performance appraisal system (see A/55/380/Add.2, para. 65), which is expected to be a valuable tool in identifying skill capacities or deficiencies and in managing staff development and training.

Comments of the Board

91. The Board acknowledges the actions taken by the Administration and will continue to monitor the matter in future audits.

Recommendation in paragraph 153

92. **The Administration should emphasize to all missions the importance of preparing bank reconciliations as soon as possible after each month-end and of senior officials reviewing and approving the bank reconciliations in a timely manner.**

Measures taken by the Administration

93. The implementation of the Board's recommendation is ongoing.

Comments of the Board

94. The Board's comments on this issue are reflected in the present report (paras. 46-48).

Notes

[a] *Official Records of the General Assembly, Fifty-fifth Session, Supplement No. 5* (A/55/5), vol. II, chap. II.

[b] Ibid., *Fifty-fourth Session, Supplement No. 5* (A/54/5), vol. II, chap. II.

Chapter III

Audit opinion

We have audited the accompanying financial statements of the United Nations peacekeeping operations, comprising statements numbered I to XXXVIII, schedules numbered 1.1 to 38.1 and the supporting notes for the financial period ended 30 June 2001. These financial statements are the responsibility of the Secretary-General of the United Nations. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the common auditing standards of the Panel of External Auditors of the United Nations, the specialized agencies and the International Atomic Energy Agency. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Secretary-General, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for the audit opinion.

In our opinion, these financial statements present fairly, in all significant respects, the financial position as at 30 June 2001 and the results of operations and cash flows for the period then ended in accordance with the stated accounting policies set out in note 2 of the financial statements, which were applied on a basis consistent with that of the preceding financial period.

Further, in our opinion, the transactions of the United Nations peacekeeping operations that we have tested as part of our audit have in all significant respects been in accordance with the Financial Regulations and legislative authority.

Without qualifying our opinion above, we draw attention to note 9 of the financial statements, for which we have been unable to obtain assurance as to the reasonableness of the value of the non-expendable equipment disclosed in the amount of $695.7 million. Also, note 10 of the financial statements includes an amount of $8 million in respect of claims already verified as being valid expenditure incurred during the financial period ended 30 June 2001, but which was not recognized as a liability on the basis that funds had not been reserved for such costs.

In accordance with article XII of the Financial Regulations, we have also issued a long-form report on our audit of the financial statements on the United Nations peacekeeping operations.

Chapter IV

Certification of the financial statements

1. In its resolution 49/233 A of 23 December 1994, the General Assembly established an annual financial period for peacekeeping activities covering the period from 1 July to 30 June. The financial statements of the United Nations peacekeeping operations for the 12-month period from 1 July 2000 to 30 June 2001 have been prepared in accordance with financial rule 111.4.

2. The summary of significant accounting policies applied in the preparation of these statements is included as notes to the financial statements. These notes provide additional information on and clarification of the financial activities related to peacekeeping operations undertaken by the Organization during the period covered by these statements, for which the Secretary-General has administrative responsibility.

3. I certify that the appended financial statements of the United Nations peacekeeping operations, numbered I to XXXVIII, are correct.

Total liabilities, reserves and fund balances	**47 065**	**42 529**

---

a/ See notes 2 and 3.

b/ Includes unpaid assessed contributions irrespective of collectability.

c/ Includes $13,801,375 from Cyprus and $6,500,000 from Greece for which budgetary provisions were made. In addition, voluntary contributions in kind were received from Cyprus ($1,297,900), Australia ($60,000) and Austria ($30,000) for which budgetary provisions were not made.

d/ Under the terms of General Assembly resolution 55/266 of 14 June 2001, the total assessment to Member States was reduced by $280,800, representing their share of the unencumbered balance of $523,400 for the period ending 30 June 2000. The remaining unencumbered balance of $242,600 was returned to Cyprus ($168,000) and Greece ($74,600) in respect of their voluntary contributions.

e/ For the period from 27 March 1964 to 15 June 1993, obligations recorded in the UNFICYP account are limited to availability of funds in the special account through voluntary contributions. From the inception of the mission to 30 June 2001, the cumulative unrecorded obligations totalled $151,186,107. The comparable figure as at 30 June 2000 was $163,703,069.

f/ Represents share of the cash pool and comprises cash and term deposits of $2,270,880, short-term investments of $2,832,820 (market value $2,863,810), long-term investments of $7,621,587 (market value $7,841,516) and accrued interest receivable of $170,851.

g/ Includes voluntary contributions receivable from Austria ($2,707,500), Denmark ($2,059,209), the Netherlands ($125,000) and Sweden ($1,522,796) for the period prior to 15 June 1993, which will be offset against government claims for reimbursement of costs in respect of the Force in Cyprus. In addition, there are outstanding current period pledges from Cyprus ($7,476,745) and Greece ($270,834).

h/ Includes $145,642 representing claims from vendors pending settlement, which have been transferred from prior period unliquidated obligations to accounts payable.

i/ Reclassified to conform to the current presentation.

The accompanying notes are an integral part of the financial statements.

Statement VII

United Nations Iraq-Kuwait Observation Mission (UNIKOM) a/

Statement of income and expenditure and changes in reserves and fund balances for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001

(Thousands of United States dollars)

	Period	
	1 July 2000-30 June 2001	*1 July 1999- 30 June 2000*
Income		
Assessed contributions b/	19 185	19 327
Voluntary contributions c/	33 525	34 664
Interest income	3 203	2 939
Other/miscellaneous income	182	309
Total income	**56 095**	**57 239**
Expenditure (schedule 7.1)		
Total expenditure	**50 074**	**51 005**
Excess (shortfall) of income over expenditure	**6 021**	**6 234**
Prior period adjustments d/	(1 916)	-
Net excess (shortfall) of income over expenditure	**4 105**	**6 234**
Savings on or cancellation of prior period obligations	563	4 712
Credits returned to Member States e/	(2 987)	(2 183)
Reserves and fund balances, beginning of period	47 204	38 441
Reserves and fund balances, end of period	**48 885**	**47 204**

Statement VII (concluded)

United Nations Iraq-Kuwait Observation Mission (UNIKOM)

Statement of assets, liabilities, reserves and fund balances as at 30 June 2001

(Thousands of United States dollars)

	2001	*2000*
Assets		
Cash and term deposits f/	(3 126)	42 322
Cash pool g/	57 292	-
Assessed contributions receivable from Member States (schedule 7.2) b/	13 514	11 622
Voluntary contributions receivable from Member States	-	5 511
Accounts receivable from Member States	2	7
Other accounts receivable	111	687
Deferred charges	124	76
Inter-office transactions pending processing	8	27
Total assets	**67 925**	**60 252**
Liabilities		
Contributions or payments received in advance	10	9 h/
Unliquidated obligations - current period	12 922	9 076
Unliquidated obligations - prior periods	3 664	2 039
Accounts payable to Member States	1 067	480 h/
Other accounts payable	77	54
Inter-fund balances payable	1 178	1 215
Deferred credits	57	116
Inter-office transactions pending processing	65	59
Total liabilities	**19 040**	**13 048**
Reserves and fund balances		
Cumulative surplus	48 885	47 204
Total reserves and fund balances	**48 885**	**47 204**
Total liabilities, reserves and fund balances	**67 925**	**60 252**

a/ See notes 2 and 3.

b/ Includes assessed contributions unpaid irrespective of collectability.

c/ Voluntary contributions were received from Kuwait amounting to $33,525,000 for which budgetary provisions were made. In addition, voluntary contributions in kind were received from Kuwait amounting to $2,990,102 and Iraq amounting to $90,150 for which no budgetary provisions were made.

d/ Includes prior period adjustments of $1,903,030 representing troop payments where the obligation was inadvertently liquidated and recognized as savings in fiscal year 2000 and other miscellaneous adjustments of $13,288.

e/ Under the terms of General Assembly resolution 55/261 of 14 June 2001, $1,769,667, representing two thirds of the net unencumbered balance for the period from 1 July 1999 to 30 June 2000, was returned to Kuwait, and total assessments to Member States were reduced by $1,216,833, representing one third of the gross unencumbered balance for the period from 1 July 2000 to 30 July 2001.

f/ Comprises operational cash in the field and temporary overdraft at headquarters, which is covered by the overall balance in the cash pool.

g/ Represents share of the cash pool and comprises cash and term deposits of $10,088,671, short-term investments of $12,584,274 (market value $12,722,839), long-term investments of $33,859,909 (market value $34,836,925) and accrued interest receivable of $759,028.

h/ Reclassified to conform to the current presentation.

The accompanying notes are an integral part of the financial statements.

Schedule 7.1

United Nations Iraq-Kuwait Observation Mission (UNIKOM)

Expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001

Statement XI

United Nations Mission of Observers in Tajikistan (UNMOT) a/

Statement of income and expenditure and changes in reserves and fund balances
for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001
(Thousands of United States dollars)

	Period	
	1 July 2000-30 June 2001	*1 July 1999- 30 June 2000*
Income		
Assessed contributions b/	-	16 370
Interest income	713	682
Other/miscellaneous income	92	451
Total income	**805**	**17 503**
Expenditure (schedule 11.1)		
Total expenditure	**46**	**13 703**
Excess (shortfall) of income over expenditure	**759**	**3 800**
Prior period adjustments c/	(105)	-
Net excess (shortfall) of income over expenditure	**654**	**3 800**
Savings on or cancellation of prior period obligations	2 282	249
Credits returned to Member States d/	(2 416)	(3 639)
Reserves and fund balances, beginning of period	8 083	7 673
Reserves and fund balances, end of period	**8 603**	**8 083**

Statement XI (concluded)

United Nations Mission of Observers in Tajikistan (UNMOT)

Statement of assets, liabilities, reserves and fund balances as at 30 June 2001

(Thousands of United States dollars)

	2001	2000
Assets		
Cash and term deposits	49	10 661
Cash pool e/	9 122	-
Assessed contributions receivable from Member States (schedule 11.2) b/	1 658	2 493
Other accounts receivable	15	458
Inter-office transactions pending processing	4	3
Total assets	**10 848**	**13 615**
Liabilities		
Contributions or payments received in advance	17	8 f/
Unliquidated obligations - current period	-	2 663
Unliquidated obligations - prior periods	247	365
Accounts payable to Member States	1 765	1 684 f/
Other accounts payable	49	258
Inter-fund balances payable	141	507
Deferred credits	26	42
Inter-office transactions pending processing	-	5
Total liabilities	**2 245**	**5 532**
Reserves and fund balances		
Cumulative surplus	8 603	8 083
Total reserves and fund balances	**8 603**	**8 083**
Total liabilities, reserves and fund balances	**10 848**	**13 615**

a/ See notes 2 and 3.

b/ Includes unpaid assessed contributions irrespective of collectability.

c/ Represents prior period salary adjustment of $81,010 and miscellaneous charges and adjustments of $23,509.

d/ Under the terms of General Assembly resolution 55/263 of 14 June 2001, the total assessment on Member States was reduced by $2,416,109, representing the unencumbered balance for the period ending 30 June 2000.

e/ Represents share of the cash pool and comprises cash and term deposits of $1,606,242, short-term investments of $2,003,573 (market value $2,025,634), long-term investments of $5,390,917 (market value $5,546,472) and accrued interest receivable of $120,847.

f/ Reclassified to conform to the current presentation.

The accompanying notes are an integral part of the financial statements.

Schedule 11.1

United Nations Mission of Observers in Tajikistan (UNMOT)

Expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001

(Thousands of United States dollars)

	Allotment	*Disbursements*	*Unliquidated obligations*	*Total expenditure*
Civilian personnel				
International and local staff	143	35	-	35
Subtotal, civilian personnel	**144**	**35**	**-**	**35**
Operational requirements				
Premises/accommodation	60	1	-	1
Supplies and services	1	-	-	-
Subtotal, operational requirements	**61**	**1**	**-**	**1**
Staff assessment	22	10	-	10
Total	**227** a/	**46**	**-**	**46**

a/ Based on commitment authority provided by the Advisory Committee on Administrative and Budgetary Questions in a letter to the Secretary-General dated 16 June 2000.

Deferred charges	-	27
Inter-office transactions pending processing	7	26
Total assets	**139 285**	**184 162**
Liabilities		
Contributions or payments received in advance	9	626 j/
Unliquidated obligations - current period	-	2 846
Unliquidated obligations - prior periods	24 504	81 484
Accounts payable to Member States h/	2 852	989 j/
Other accounts payable i/	1 627	4 106
Inter-fund balances payable	909	-
Deferred credits	389	899
Inter-office transactions pending processing	-	25
Total liabilities	**30 290**	**90 975**
Reserves and fund balances		
Cumulative surplus	108 995	93 187
Total reserves and fund balances	**108 995**	**93 187**
Total liabilities, reserves and fund balances	**139 285**	**184 162**

a/ See notes 2, 3 and 10.

b/ Includes assessed contributions unpaid irrespective of collectability.

c/ Includes sale of equipment amounting to $7,652,935.

d/ Includes write-offs of $120,915, accounting adjustments of $144,003 and miscellaneous charges and other prior period adjustments of $14,719.

e/ Under the terms of General Assembly resolution 55/260 of 14 June 2001, the total assessment on Member States was reduced by $967,600, representing the unencumbered balance for the period from 1 July 1998 to 30 June 2000.

f/ Comprises operational cash in the field and temporary overdraft at headquarters, which is covered by the overall balance in the cash pool.

g/ Represents share of the cash pool and comprises cash and term deposits of $10,245,874, short-term investments of $12,780,364 (market value $12,921,088), long-term investments of $34,387,517 (market value $35,379,758) and accrued interest receivable of $770,855.

h/ Includes $2,762,222 representing claims from Member States pending settlement, which have been transferred from prior period unliquidated obligations to accounts payable.

i/ Includes $1,493,883 representing claims pending settlement, which have been transferred from prior period unliquidated obligations to accounts payable.

j/ Reclassified to conform to the current presentation.

The accompanying notes are an integral part of the financial statements.

Schedule 12.1

United Nations Observer Mission in Angola (MONUA)

Expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001

(Thousands of United States dollars)

	Allotment	*Disbursements*	*Unliquidated obligations*	*Total expenditure*
Civilian personnel				
International and local staff	131	41	-	41
Subtotal, civilian personnel	**131**	**41**	**-**	**41**
United Nations Logistics Base at Brindisi	1	1	-	1

a/ See notes 2 and 3.

b/ Includes unpaid assessed contributions irrespective of collectability.

c/ The General Assembly, in its resolution 55/275 of 14 June 2001, authorized expenditures beyond amounts assessed of $41,000,000 for the period from 1 July 2000 to 30 June 2001. A report will be submitted to the Assembly requesting an additional appropriation to eliminate the current deficit in the fund balance.

d/ Under the terms of General Assembly resolution 55/275 of 14 June 2001, the total assessment on Member States was reduced by $3,409,600, representing unencumbered balance for the period ending 30 June 2000.

e/ Represents share of the cash pool and comprises cash and term deposits of $126,170, short-term investments of $157,381 (market value $159,114), long-term investments of $423,457 (market value $435,676) and accrued interest receivable of $9,493.

f/ Includes $1,674,412 representing claims pending settlement, which have been transferred from prior period unliquidated obligations to accounts payable.

The accompanying notes are an integral part of the financial statements.

Schedule 17.1

United Nations Organization Mission in the Democratic Republic of the Congo (MONUC)

Expenditure for the period from 1 July 2000 to 30 June 2001 as at 30 June 2001

Notes to the financial statements for peacekeeping operations for the period from 1 July 2000 to 30 June 2001

Note 1
The United Nations and its activities

(a) The Charter of the United Nations was signed on 26 June 1945 and came into force on 24 October 1945. The Organization's primary objectives, to be implemented through its five major organs, were as follows:

(i) The maintenance of international peace and security;

(ii) The promotion of international economics, social progress and development programmes;

(iii) Universal observance of human rights;

(iv) The administration of international justice and law;

(v) The development of self-government for Trust Territories.

(b) The General Assembly focuses on a wide range of political, economic and social issues as well as the financial and administrative aspects of the Organization.

(c) Under the direction of the Security Council, the Organization has been involved in various aspects of peacekeeping and peacemaking, including efforts towards resolving conflicts, restoring democracy, promoting disarmament, providing electoral assistance and facilitating post-conflict peace-building, and engaging in humanitarian activities to ensure the survival of groups deprived of basic needs.

(d) The Economic and Social Council plays a particular role in economic and social development, including a major oversight role in the efforts of other organizations of the United Nations system to address international economic, social and health problems.

(e) The International Court of Justice has jurisdiction over disputes between Member States brought before it for advisory opinions or binding resolutions.

(f) The Trusteeship Council completed its primary functions in 1994 with the termination of the Trusteeship Agreement for the last United Nations Trust Territory.

Note 2
Summary of significant accounting policies

The following are the significant accounting policies of the United Nations:

(a) The accounts of the United Nations ("the Organization") are maintained in accordance with the Financial Regulations of the United Nations as adopted by the General Assembly, the Rules formulated by the Secretary-General as required under the Regulations and administrative instructions issued by the Under-Secretary-General for Management or the Controller. They also take fully into account the United Nations accounting standards, as adopted by the Administrative Committee on Coordination (ACC) (now called the United Nations System Chief Executives Board for Coordination). The Organization follows international accounting standard 1 on the disclosure of accounting policies, as modified and adopted by ACC as shown below:

(i) Going concern, consistency and accrual are fundamental accounting assumptions. Where fundamental accounting assumptions are followed in financial statements, disclosure of such assumptions is not required. If a fundamental accounting assumption is not followed, that fact should be disclosed together with the reasons;

(ii) Prudence, substance over form and materiality should govern the selection and application of accounting policies;

(iii) Financial statements should include a clear and concise disclosure of all significant accounting policies that have been used;

(iv) The disclosure of the significant accounting policies used should be an integral part of the financial statements. The policies should normally be disclosed in one place;

(v) Financial statements should show comparative figures for the corresponding preceding financial period;

(vi) A change in an accounting policy that has a material effect in the current period or may have a material effect in subsequent periods should be disclosed together with the reasons. The effect of the change should, if material, be disclosed and quantified;

(b) The United Nations accounts are maintained on a "fund accounting" basis. Separate funds for general or special purposes may be established by the General Assembly, the Security Council or the Secretary-General. Each fund is maintained as a distinct financial and accounting entity, with a separate self-balancing, double-entry group of accounts. Separate financial statements are prepared for each fund or for a group of funds of the same nature;

(c) In accordance with the requirements of General Assembly resolution 49/233 A of 23 December 1994, the financial period for peacekeeping operations was changed to a fiscal year period from 1 July to 30 June. The financial period of the Organization for all other funds is a biennium consisting of two consecutive calendar years;

(d) Generally, income, expenditure, assets and liabilities are recognized on the accrual basis of accounting;

(e) The accounts of the Organization are presented in United States dollars. Accounts maintained in other currencies are translated into United States dollars at the time of the transaction at a rate of exchange established by the Under-Secretary-General for Management. In respect of such currencies, the financial statements prepared at such intervals as may be prescribed by the Controller under delegation of authority from the Under-Secretary-General for Management shall reflect the cash, investments, unpaid pledges and current accounts receivable and payable in currencies other than the United States dollar translated at the applicable United Nations rates of exchange in effect as at the date of the statements. In the event that the application of actual exchange rates at the date of the statements would provide a valuation significantly different from the application of United Nations rates of exchange for the last month of the financial period, the difference will be quantified in a footnote;

(f) The Organization's financial statements are prepared on the historical cost basis of accounting and are not adjusted to reflect the effects of changing prices for goods and services;

(g) The Organization's financial statements are presented in accordance with the ongoing recommendations of the Working Party on Accounting Standards to the United Nations System Chief Executives Board for Coordination;

(h) The results of the Organization's operations in statements I, II and III are shown in summary by general type of activity as well as on a consolidated basis after the elimination of all inter-fund balances and instances of double-counting of income and expenditure. Their presentation on a consolidated basis does not imply that the various separate funds can be intermingled in any way since, normally, resources may not be utilized between funds;

(i) Income:

(i) Amounts necessary to finance the activities of peacekeeping operations are assessed on Member States according to the scale of assessments determined by the General Assembly;

(ii) For purposes of the financial statements, income is recognized when an assessment on Member States has been authorized by the General Assembly and notifications of assessment have been issued by the Secretariat for the financial period. Neither appropriations nor spending authorities are recognized as income except to the extent that a matching assessment on Member States has been levied;

(iii) Amounts assessed on non-member States that agree to pay reimbursement of costs for their participation in United Nations treaties, organs and conferences are credited to miscellaneous income;

(iv) Voluntary contributions from Member States or other donors are recorded as income on the basis of a written commitment to pay monetary contributions at specified times within the current financial period. In accordance with General Assembly resolution 44/192 A of 21 December 1989, voluntary contributions made in cash or in the form of services and supplies that are acceptable to the Secretary-General are credited to income or noted in the financial statements;

(v) Allocations from other funds represent monies appropriated or designated from one fund for transfer to and disbursement from another fund;

(vi) Income for services rendered includes reimbursements for salaries of staff members and other costs that are attributable to providing technical and administrative support to other organizations;

(vii) Interest income includes all interest earned on deposits in various bank accounts and investment income earned on marketable securities and other negotiable instruments. All realized losses and net unrealized losses on short-term investments are offset against investment income;

(viii) Miscellaneous income includes income from rental of premises, sale of used or surplus property, refunds of expenditures charged to prior periods, income resulting from net gains resulting from currency translations, settlements of insurance claims, amounts assessed on non-member States as stated in subparagraph (iii) above, monies accepted for which no purpose was specified and other sundry income;

(j) Expenditure:

(i) Expenditures are incurred against authorized allotments. Total expenditures reported include unliquidated obligations and disbursements;

(ii) Expenditures incurred for non-expendable property are charged to the budget of the period when acquired and are not capitalized. Inventory of such non-expendable property is maintained at historical cost;

(iii) Expenditures for future financial periods are not charged to the current financial period and are recorded as deferred charges as referred to in paragraph (v) below;

(k) Assets:

(i) Cash and term deposits represent funds in demand deposit accounts and interest-bearing bank deposits;

(ii) Investments include marketable securities and other negotiable instruments acquired by the Organization to produce income. Short-term investments are stated at cost or market, whichever is lower; long-term investments are stated at cost. Cost is defined as the nominal value plus or minus any unamortized premium or discount. The market value of investments is disclosed in the footnotes to the financial statements;

(iii) The cash pool comprises participating funds' share of the cash and term deposits, short-term and long-term investments and accrual of investment income, all of which are managed in the pool. The investments in the pool are similar in nature and are accounted for as stated in subparagraph (ii) above. Income earned on the investments of the cash pool and the costs associated with the operation of those investments are allocated to participating funds. The share in the cash pool is reported separately in each participating fund's statement. The composition of the cash pool is also disclosed in a footnote to the individual statement;

(iv) Assessed contributions represent a legal obligation of contributors, and therefore the balances of unpaid assessed contributions due from Member States are reported irrespective of collectability. It is the policy of the United Nations not to make provision for delays in the collection of such assessments;

(v) Deferred charges normally comprise expenditure items that are not properly chargeable in the current financial period and that will be charged as expenditure in a subsequent period. These expenditure items include commitments approved by the Controller for future financial periods in accordance with financial rule 110.6. Such commitments are normally restricted to administrative requirements of a continuing nature and to contracts or legal obligations where long lead times are required for delivery;

(vi) For purposes of the balance sheet statements only, those portions of education grant advances that are assumed to pertain to the scholastic years completed as at the date of the financial statement are shown as deferred charges. The full amounts of the advances are maintained as accounts receivable from staff members until the required proof of entitlement is produced, at which time the budgetary accounts are charged and the advances settled;

(vii) Maintenance and repairs of capital assets are charged against the appropriate budgetary accounts. Furniture, equipment, other non-expendable property and leasehold improvements are not included in the assets of the Organization. Acquisitions are charged against budgetary accounts in the year of purchase. The value of non-expendable property is disclosed in the notes to the financial statements;

(l) Liabilities, reserves and fund balances:

(i) Operating and other types of reserves are included in the totals for "reserves and fund balances" shown in the financial statements;

(ii) Unliquidated obligations for future years are reported both as deferred charges and as unliquidated obligations;

(iii) Deferred credits include income received but not yet earned and repatriation grants payable in future years;

(iv) Commitments of the Organization relating to prior, current and future financial periods are shown as unliquidated obligations. Current period obligations related to the special accounts for peacekeeping remain valid for 12 months following the end of the financial period to which they relate. Unliquidated obligations relating to peacekeeping operations owed to Member States may be retained for an additional period of four years beyond the 12-month period provided for in regulation 4.3;

(v) Contingent liability, if any, is disclosed in the notes to the financial statements;

(vi) The United Nations is a member organization participating in the United Nations Joint Staff Pension Fund, which was established by the General Assembly to provide retirement, death, disability and related benefits. The Pension Fund is a funded defined-benefit plan. The financial obligation of the Organization to the Fund consists of its mandated contribution at the rate established by the General Assembly together with its share of any actuarial deficiency payments under article 26 of the regulations of the Fund. Such deficiency payments are payable only if and when the Assembly has invoked the provision of article 26, following the determination that there is a requirement for deficiency payments based on an assessment of the actuarial sufficiency of the Fund as of the valuation date. At the time of the present report, the Assembly has not invoked that provision.

Note 3
Accounting provisions for peacekeeping operations

The accounts for the peacekeeping operations have been maintained in accordance with the provisions of the Financial Regulations and Rules of the United Nations, with due regard for the following:

(a) Financial regulation 2.1, which states that the financial period of peacekeeping operations with special accounts shall be one year, from 1 July to 30 June;

(b) Financial regulation 11.4, which states that the annual accounts for peacekeeping operations with special accounts shall be submitted by the Secretary-General to the Board of Auditors no later than 30 September each year;

(c) Article IV of the Financial Regulations. Special arrangements have been made by the General Assembly relating to unliquidated obligations for certain peacekeeping operations. Paragraph 2 of its resolution 33/13 F of 14 December 1978 reads as follows:

> "2. *Approves* the following special arrangements for the United Nations Emergency Force and the United Nations Disengagement Observer Force in regard to the application of article IV of the United Nations Financial Regulations, whereby appropriations required in respect of obligations owed to Governments providing contingents and/or logistic support to the Forces shall be retained beyond the period stipulated under financial regulations 4.3 and 4.4:
>
> "(a) At the end of the twelve-month period provided for in regulation 4.3, any unliquidated obligations of the financial period in question relating to goods supplied and services rendered by Governments for which claims have been received, or which are covered by established reimbursement rates, shall be transferred to accounts payable; such accounts payable shall remain recorded in the Special Account until payment is effected;
>
> "(b) Any other unliquidated obligations of the financial period in question owed to Governments for goods supplied and services rendered, as well as other obligations owed to Governments, for which required claims have not yet been received, shall remain valid for an additional period of four years following the end of the twelve-month period provided in regulation 4.3; claims received during this four-year period shall be treated as provided under subparagraph (a) above, if appropriate; at the end of the additional four-year period any unliquidated obligations shall be cancelled and the then remaining balance of any appropriations retained therefor will be surrendered."

Similar provisions have been accorded to other missions as follows:

Mission	*Resolution/decision*	*Date*
UNIFIL	34/9 C	17 December 1979
UNIIMOG	45/245	31 December 1990

[a] The concurrence of the Advisory Committee on Administrative and Budgetary Questions is contained in a letter dated 16 July 1997.

(d) Voluntary contributions:

(i) General provisions:

a. In accordance with General Assembly resolution 44/192 A, voluntary contributions made as outright grants, both in cash and in the form of services and supplies acceptable to the Secretary-General, shall be considered income to be credited to the special account for each peacekeeping operation except the United Nations Interim Force in Lebanon. Contributions in cash made available to the Secretary-General on a voluntary basis as advances shall not be considered as income in determining the total amount to be assessed on Member States; unless otherwise specified by the donor, such contributions shall be deposited in suspense accounts;

b. In that resolution, the General Assembly took note of certain proposals on technical guidelines relating to the treatment and valuation of voluntary contributions in the form of supplies and services. Those guidelines state that the cost of facilities agreed to be provided by Member States in whose countries peacekeeping operations are located should be excluded from the determination of voluntary contributions. The guidelines also include a provision that where a voluntary contribution in kind is made as a grant in respect of supplies and services and for which there is no budgetary provision, no accounting entry will be made, but the amount of the contribution will be reflected in a footnote to the financial statements. Where such contributions are made in respect of supplies and services included in the budget, they will be recorded as income under the heading "Voluntary contributions" at the level at which the supplies and services have been budgeted; they will be recorded in the accounts only at the time of delivery of supplies or commencement of services;

(ii) United Nations Peacekeeping Force in Cyprus accounts:

a. Prior to 16 June 1993, the Secretary-General was not authorized to utilize any funds other than the voluntary contributions pledged by Governments for the financing of the United Nations Peacekeeping Force in Cyprus. In accordance with financial rule 106.1, no commitments, obligations or disbursements against any funds could be incurred without the written authorization of the Controller or his authorized delegate. Such authorizations take the form of allotments, which could be issued for the period prior to 16 June 1993 only after sufficient contributions had been received to meet the requirements for financial obligations. UNFICYP allotments and the recording of obligations for the period prior to 16 June 1993 are limited to amounts that are within the total of pledged contributions. As a consequence, the full amount of UNFICYP obligations that will be payable for the period prior to 16 June 1993 has not been recorded, particularly in respect of reimbursements for extra costs in connection with pay and allowances of contingents and for extra costs in connection with contingent-owned equipment. The amount of such unrecorded obligations is reflected in a footnote to the appropriate financial statements;

b. The General Assembly decided, in its resolution 47/236 of 14 September 1993, that, beginning 16 June 1993, the costs of UNFICYP should be treated as expenses of the Organization to be borne by Member States in accordance with Article 17, paragraph 2, of the Charter of the United Nations. Mandate periods from 16 June 1993 to 30 June 2001 have been established, for which appropriations and assessments have been raised on the Member States in accordance with relevant General Assembly resolutions;

(e) Peacekeeping Reserve Fund. By its resolution 47/217 of 23 December 1992, the General Assembly established the United Nations Peacekeeping Reserve Fund as a cash-flow mechanism to ensure the rapid response of the Organization to the needs of peacekeeping operations. The level of the Peacekeeping Reserve Fund was established at $150 million. In accordance with the resolution, $49,242,762 was allocated from unencumbered balances in the special account of the United Nations Transition Assistance Group, $18,156,200 from unencumbered balances in the special account of the United Nations Iran-Iraq Military Observer Group and $82,601,038 from authorized retained savings in the United Nations General Fund.

Note 4
Explanatory notes on assessed contributions receivable

Assessed contributions receivable, as shown in the accounts for the period ended 30 June 2001, have been recorded in accordance with the Financial Regulations and Rules of the United Nations, the relevant resolutions of the General Assembly and the policy of the United Nations. With reference to the amounts shown as unpaid, certain Member States have indicated that they do not intend to pay some of their assessed contributions or that such contributions will be paid only under certain conditions. Based on United Nations policy as stated in note 2 (k) (iv) above, no provision has been made for delays in the collection of outstanding assessed contributions. With regard to the foregoing, a number of Member States have requested that attention be drawn to their positions (as stated by their delegations at successive sessions of the Assembly), in particular with respect to the following:

(a) To the extent that the amounts relate to expenditures under the United Nations Emergency Force (1956) special account and under the Ad hoc Account for the United Nations Operation in the Congo, which, in the view of some Member States, were illegal, they do not consider themselves bound, under the provisions of Article 17 of the Charter of the United Nations, to participate in paying for those expenditures. As a result, withholdings by certain Member States from payments for the financing of UNEF 1956 (statement XXXVII) and ONUC (statement XXXVIII) are estimated to be $38.6 million and $70.2 million respectively. The estimate, which is based on the apportioned shares of the States concerned, excludes $5.3 million and $6.7 million respectively in unpaid assessed contributions to UNEF (1973) and ONUC by China for the period up to 24 October 1971. Following the adoption by the General Assembly of its resolution 2758 (XXVI), entitled "Restoration of the lawful rights of the People's Republic of China in the United Nations", on 25 October 1971, that amount was transferred to a special account pursuant to Assembly resolution 3049 C (XXVII) of 19 December 1972;

(b) Certain Member States have stated that they do not intend to participate in the financing of UNEF (1973), the United Nations Disengagement Observer Force and UNIFIL; other States have stated that they have excluded from their contributions to UNEF (1973) their shares of the expenses that they attribute to the additional functions resulting from the agreement of 4 September 1975 between Egypt and Israel;

(c) As a result of the positions taken by some Member States as outlined above, certain Member States have not participated in the financing of UNEF (1973) and UNDOF in an estimated amount of $1.5 million, which covers UNEF (1973) until its liquidation in 1979 and UNDOF to 30 June 2001. That amount excludes $36 million in unpaid assessed contributions by China for the period from 25 October 1971 to 31 December 1981, which was transferred to a special account by virtue of General Assembly resolution 36/116 A of 10 December 1981;

(d) Withholdings by certain Member States from payments for the financing of UNIFIL are estimated to be $39.6 million. That estimate, which is based on the apportioned shares of the States concerned from the inception of UNIFIL on 19 March 1978 to 30 June 2001, excludes $19.6 million in unpaid assessed contributions by China for the period from 25 October 1971 to 31 December 1981, which was transferred to a special account under General Assembly resolution 36/116 A;

(e) Status of unpaid assessed contributions as at 30 June 2001:

(i) Contributions receivable from Member States as at 30 June 2001 are shown in most peacekeeping financial statements only in total. Detailed information for each of the separate peacekeeping operations on assessments and collections as at 30 June 2001 and on all outstanding balances due for each Member State is shown in a separate schedule for each mission account;

(ii) The status of contributions report for 30 June 2001 (ST/ADM/SER.B/577) was printed too early in July to reflect any assessments approved by the General Assembly in late June. However, the financial statements in all cases do include such late-June assessments as income, and the new amounts due become part of the outstanding contributions from Member States shown as at 30 June 2001. As a result, in some cases the amounts shown as contributions outstanding from Member States as at 30 June 2001 in the financial statements may be higher than the corresponding amounts shown in the status of contributions report as at 30 June 2001. In those instances, the late-June assessments are reflected in the report on status of contributions as at 31 July 2001 (ST/ADM/SER.B/578).

Note 5

Peacekeeping special account fund summaries: income and expenditure and changes in reserves and fund balances (statement I); assets, liabilities, reserves and fund balances (statement II); and cash flow (statement III)

(a) Statements I, II and III contain financial results for all United Nations peacekeeping funds, which are broken down into three groups of related funds and consolidated into a grand total reflecting all individual peacekeeping accounts of the Organization. This consolidated presentation should not be interpreted to mean that any of the individual funds can be used for any other purpose than that for which it is authorized. The financial results of all peacekeeping operations are summarized in statements I and II. These are categorized as all active peacekeeping missions (statements IV-XIX), the Peacekeeping Reserve Fund (statement XX), the support account for peacekeeping operations (statement XXI), the United Nations Logistics Base at Brindisi (statement XXII) and completed peacekeeping missions (statements XXIII-XXXVIII).

(b) To comply with the uniform financial statement formats, statement I includes two calculations of the excess (shortfall) of income over expenditure. The first calculation is based on income and expenditure only for the current period. The second calculation shown is a net one, which includes any prior period adjustments to income or expenditure.

(c) The cash flow summary statement for peacekeeping operations (statement III) is based on the indirect method of cash flow statements covered by international accounting standard 7.

Note 6

United Nations Emergency Force (1973) and United Nations Disengagement Observer Force (statement V)

The General Assembly on a number of occasions has authorized the temporary suspension of financial regulations 4.3, 4.4, 5.2 (b) and 5.2 (d) in order to allow UNEF and UNDOF to retain certain amounts of surplus that otherwise would have been returned to Member States. Under the terms of Assembly resolution 50/83 of 15 December 1995, the authorized retained surplus was reduced proportionately by a total of $15.3 million to offset in part the waiver of South Africa's unpaid contributions to various peacekeeping operations for the period from 30 September 1974 to 23 June 1994. Under the terms of Assembly resolution 53/226 of 8 June 1999, the UNEF share of the authorized retained surplus amounting to $49,609,273 was reduced by $5,600,000. Under the terms of Assembly resolution 54/266 of 15 June 2000, the authorized retained surplus was reduced by $4,022,102. Under the terms of resolution 55/264 of 14 June 2001, the authorized retained surplus was further reduced by $4 million representing the final instalment towards a total of $13,622,162 (see resolution 53/226) to be credited back to Member States, leaving a balance of authorized retained surplus of $35,987,111 as at 30 June 2001.

Note 7
United Nations Interim Force in Lebanon (statement VI)

The General Assembly on a number of occasions has authorized the temporary suspension of financial regulations 4.3, 4.4, 5.2 (b) and 5.2 (d) in order to allow UNIFIL to retain certain amounts of surplus that otherwise would have been returned to Member States. Under the terms of Assembly resolution 50/83, those authorized retained surpluses were reduced proportionately by a total of $25.6 million to offset in part the waiver of South Africa's unpaid contributions to various peacekeeping operations for the period from 30 September 1974 to 23 June 1994. The total authorized retained surplus was $82,877,949 as at 30 June 2001.

Note 8
United Nations Peace Forces (statement XXVI)

The General Assembly on two occasions has authorized the temporary suspension of financial regulations 4.3, 4.4 and 5.2 (d) in order to allow the United Nations Peace Forces to retain certain amounts of surplus that otherwise would have been returned to Member States. Under the terms of Assembly resolution 55/265 of 14 June 2001, an amount of $174,743,027 was authorized to be retained in order to allow for reimbursement to troop contributors in the light of the cash shortage in the United Nations Peace Forces.

Note 9
Non-expendable equipment

The following table shows the value of non-expendable equipment, at cost, at the peacekeeping missions, according to the cumulative inventory records of the United Nations as at 30 June 2001. In accordance with United Nations accounting policies, non-expendable equipment is not included in the fixed assets of the Organization, but is charged against the current appropriations when acquired.

Peacekeeping mission	*Amount (millions of United States dollars)*
UNFICYP	11.3
UNDOF	36.2
UNIFIL	134.8
UNIKOM	23.1
MINURSO	25.4
UNMIBH	61.4
UNOMIG	14.7
UNLB	86.6
UNAMSIL	47.0
UNMIK	130.5
MONUC	38.0
UNTAET	64.0
UNMEE	22.7
Total	**695.7**

Note 10
Contingent liabilities

(a) International accounting standard 10 broadly defines contingency as an existing condition, situation or set of circumstances involving uncertainty as to possible gain or loss that will ultimately be resolved when one or more future events occur or fail to occur.

(b) The Organization may have contingent liabilities arising from various peacekeeping operations of a material but undeterminable amount in respect of certain claims for reimbursement of services provided by Governments that are under negotiation. The total of such claims for peacekeeping operations as at 30 June 2001, as shown below, amounts to $37.4 million. Based on past experience, it should be noted that the amount of compensation either settled or awarded by the arbitral tribunal is significantly lower than the amount claimed.

Peacekeeping mission	*Contingent liabilities (millions of United States dollars)*
MONUA	16.0
UNPF	1.8
UNOSOM	19.6
Total	**37.4**

Note 11
Liabilities for end-of-service and post-retirement benefits

(a) The United Nations has not specifically recognized in any of its financial accounts liabilities for after-service health insurance costs or for other types of end-of-service payments that will be owed when staff members leave the Organization. Such payments are budgeted for in the regular budget, and the actual costs incurred in each financial period are reported as current expenditures.

(b) Staff members who separate from the Organization are entitled to be paid for any unused vacation days they may have accrued up to a maximum of 60 days. The Organization's total liability for such unpaid accrued vacation compensation, regardless of funding source, as at 31 December 2000, is estimated to be between $80 million and $90 million, of which between $20 million and $25 million is related to peacekeeping operations.

(c) Some staff members are entitled to repatriation grants and payment of expenditures related to relocation upon their termination from the Organization based on the number of years of service. The Organization's liability for such unpaid repatriation and relocation entitlement, regardless of funding source, as at 31 December 2000, is estimated to be between $75 million and $85 million, of which between $20 million and $25 million is related to peacekeeping operations.
